There are many excellent methods which might be adopted to

**AID**

the work of Presbyterian Congregations, and these have ever been the subject of debate

**TO**

those interested in the advancement of our denomination. Societies have been established to lighten the

**MINISTER'S**

labors, who, of course, in the majority of cases, is the guiding spirit and motive power

**IN**

matters affecting our churches. But these organizations are not sufficient to achieve the highest success.

**THEIR**

efforts should be augmented (as in other spheres) by a newspaper exponent. To fill this need, as far as the

**WORK**

of Presbyterian ministers in the Dominion is concerned, no publication can take the place of

Rates 10 lbs. daily \$1.50 per month, each additional 5 lbs. only costs 1c. per day extra.

I am of opinion that the Ice from Grenadier Lake is, from a bacteriological standpoint, of remarkably fine quality, and is fit for any purpose to which ice may be applied.
