SPRING HILL COAL! PIANOS!

AGENCY CUMBERLAND RAILWAY AND COAL COMPANY

We offer this now celebrated COAL at Reduced Price, heretofore it has not been sold in this market to any extent, owing to its high price. It is a very superior Coal for domestic purposes, owing to its making less smoke or soot than any other, and to its freedom from sulphur and clinker. It ignites very readily and burns freely, and has only 4½ per cent. of ash, less, we believe, than any other now in this market. It is particularly suitable for Ranges, Furnaces of any kind, or soft coal Magazine Stoves. And for producing steam, we think nothing here can equal its advantages. It is easy on Furnace Bars, and quicker time can be made with it than with any other Coal sold here. Give it a trial and you will be convinced.
