**SMITH'S AMERICAN ORGANS!**  
FACILITIES  
for the production of Musical Instruments consists of  
**Well-chosen Materials,**  
**Labor-saving Machinery,**  
**Musical Knowledge and Experience,**  
**Refined Taste in Decoration,**  
**Division of Manual Labor,**  
**Active Personal Supervision, and**  
**Ample Capital.**  
The Messrs. SMITH believe that their FACILITIES ARE UNEQUALLED and that their establishment cannot be surpassed in any of these particulars.  
But it is not claimed that the AMERICAN ORGAN is sold at the lowest price,—as the manufacturers have no desire to waste their time upon feeble and characterless instruments, nor to furnish a supply of disserviceable, even at the low price of \$50 each. Nothing worthy can be produced for such a sum  
BY ANY HOUSE WHATSOEVER.  
THE Messrs SMITH mean to make ONLY the best reed instruments, and they are satisfied that the discriminating public is willing to pay the value of what it gets.

**THE AMERICAN ORGAN**  
is elegant in appearance,—thoroughly constructed,—with powerful and steady bellows,—with exquisitely-voiced reeds,—finely contrasted qualities of tone, and ingenious mechanical contrivances for increase of power and for expression.  
This excellence is not the result of chance, but follows their well-devised system, so that each Organ is perfect of its kind; there is no more chance for inferior work than in the Springfield Armory.  
**EVERY INSTRUMENT IS WARRANTED.**  
\*An elegantly Illustrated Circular, containing descriptions and prices, will be sent, post-paid, on application.

**Ayer's Cherry Pectoral,**  
For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.  
Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of Croup, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.  
Although settled Consumption is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the Cherry Pectoral. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the Cherry Pectoral they subside and disappear.  
Singers and Public Speakers find great protection from it.  
Asthma is always relieved and often wholly cured by it.  
Bronchitis is generally cured by taking the Cherry Pectoral in small and frequent doses.  
For a Cough and Cold, no better remedy can be had. Take small doses three times a day and put the feet in warm water at night, until the disease is broken up.  
For Influenza, when it affects the throat or lungs, take the same course.  
For Whooping Cough, give small doses three or four times a day.  
For Croup, give large and frequent doses until the disease is overcome.  
No family should be without the Cherry Pectoral on hand to protect them, in case of attack, from the above complaints. Its timely use often spares the patient a great amount of suffering and risk, which he would incur by waiting until he could get other aid. Parents, keep it in your houses for the exigencies that arise. Lives dear to you may be saved by it.  
So generally are its virtues known, that we need not publish certificates of them here, or do more than assure the public that the best qualities it ever possessed are strictly maintained.  
Prepared by Dr. J. C. AYER & Co., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world.

**Ayer's Hair Vigor,**  
For restoring Gray Hair to its natural Vitality and Color.  
A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color with the gloss and freshness of youth. This hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a  
**HAIR DRESSING,**  
nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.
