Our Debating Society has had under consideration the question, "Which has been more fatal to the human race War or Intemperance?" and the conclusion is said to have been that War has been the chief destroyer. We think this an error. True, countless millions have perished in the shock of but tle. Sesostris, Alexander, Hannibal, Casar, Tamerlane, Jenghis Khan, Napoteon, have reddened the earth's surface with blood, and have caused untold misery. But they marked distinctive eras, between which long periods of peace prevailed, and the recu perative process was unchecked. Intemperance, on the other had, knows no rest Stealing into the quiet of a family, it transforms the husband or father, the son or brother -and alas I too often the wife and mother, -into a brate, and the happiness of the fami ly is hopelessly wrecked Not one family merely. but hundreds-nay countless thousands in our land. are suffering from this curse. Yet, extended as is this evil, there are those who add to it by advertising pestiferous mixtures, under the name of "Bitters" composed entirely of whiskey or rum, and to which, fabulous virtues are ascribed. Beware of these vile shams. Remember, that if you have a taste for intoxicating drinks, they will increase it if happily you have none, they will create it. The only safe remedy for you is HOOFLAND'S GERMAN PITTERS; it will cure your disease, without creating another infinitely worse, for it contains no intoxicating properties.

BLISSAUL IGNORANCE. - According to the late Sir Astley Cooper, no man ought to know, from any physical sensation, that he has a stomach Le-those who are daily reminded of the existence of the organ, by pain, and all the concomitants of dyspen sia whose stomachs digest slowly, imperfectly, and with sensations which pen cannot describe, whose whole system do penance under the inflictions of the rebellious member try, merely try, BRISTOL'S SUGAR COATED PILLS. As surely as they do so, their living martyrdom will be speedily exchanged for ease. They will forget that they have stomachs, save when the appetice, created by this genial stomachic cathartic reminds them all the reinvigorated organ requires a supply of sustenance. There will be no more after eating, pain in the right side, nightmare, or constipation. The cures effected by this pure and incomparable vegetable alterative are complete and radical. They are put up in glass vials, and will keep in any climate. In all cases arising from, or aggravated by impure blood, ERIS-TOL'S SARSAPARILLA should be used in con nection with the Pilis.

## RECALLED TO LIFE!

The following letter was received by Dr. Picault. of the Firm of Picault & Son, Druggists, No. 42 Notre Dame Street :

Montreal, C.E., May 9, 1864.

Dear Bir. -Do you not remember having been called by me ast summer to see my wife, who was suffering from Chronic Inflammation of the Kidneys for seventeen months You were the ninth poysician called, as I had sought advice to no avail, though I followed the prescriptions carefully. Sne was reduced to the state of a skeleton, could not digest, and I had no more hope of saving her You advised to give her BRISTOL'S SARSAPARILLA. From the first duse she experienced relief, and after the seventh bottle had been taken, she was com pletely restored. I thought it would be useful to the public to let them know of this extraordinary cure. JOSEPH BELLANGER,

No 30 Aylmer Street. I do remember having been called for the above case, and not hearing of anything since that time, I thought she was surely dead long ago.

MURRAY & LANMAN'S FLORIDA WATER. - Ladies being the 'precious porcelain of human clay,' are entitled to all the elegant luxuries which art, stimulated by gallantry, can devise. Among those which pertain to the toilet there is none that surpasses the one named at the head of this paragraph. Delicately fragrant, a beautifier of the complexion, excellent intermixed with water, as a mouth wash, and as a cure for nervousness, faintness, and bysteria, it deserves a place in the Materia Medica, as well as in the repertoire of the Toilet To avoid the mortification of purchasing an inferior artice, 'Murray & Lanman's' Florida Water should always be asked for.

COE'S SUPER-PHOSPHATE OF LIME, OLEUM KALAMOS, the NEW RHEU-

MANURE FOR BARLEY. [Letter from Mr, A. Maynard, of the firm of Maynard -& Co., St. Hyacinthe.)

Sir, - I ushd the Phosphate of Lime manufactured by you last summer, and am in a position to certify that it is the most valuable manure which has ever come under my notice. I put nearly 200 lbs on an arpent and a half sown with barley, sowing both delicate and refreshing perfume together and harrowing them over. The Barley sprouted so vigorously and maintained such a beautiful healthy appearance, that I obtained the first prize for Barley above all other competitors for the parish of St. livecinthe The Barley in iquestion was sown alongside another strip of land also containing Barley, manured in the ordinary manner and yielded am certain fully fifty per cent more. I therefore sincerely believe that Phosphate is a manure which no farmer can do without, and they should all use it.

Through a trial of many years and through every nation of civilized men,
AYER'S CHERRY PECTORAL has
been found to afford more relief and to
cure more cases of pulmonary disease through every nation of civilized men, AYER'S CHERRY PECTORAL has cure more cases of pulmonary disease than any other remedy known to mankind. Cases of apparently settled Consumption have been cured by it, and thousands of sufferers who were deemed beyond the reach of human aid have been restored to their friends and usefulness, to sound health and the enjoyments of life, by this allpowerful antidote to diseases of the lungs and broat Here a cold had settled on the lungs. The dry hacking cough, the glassy eye, and the pale, thin features of him who was lately lusty and strong whisper to all but him Consumption. He tries every hing; but the disease is gnawing at his vitals, and shows its fatal sym toms more and more over all his frame. He is taking the CHERRY PECTURAL now: it has stopped his cough and made his breath ing easy: his sleep is sound at night: his appetite returns, and with it his strength. The dart which pierced his side is broken Scarcely any neighbor bood can be found which has not some living trophy like this to shadow forth the virtues which have won for the CHERRY PECTORAL an imperishable renown But its usefulness does not end here. Nay, it accomplishes more by prevention than cure. The countless colds and coughs which it cures are the seed which would have ripened into a dreadful harvest of incurable diseases Influenza, Croup, Bronchitis Hoarseness, Pieurisy, Whooping Cough, and all irritations of the throat and lungs are easily cured ny the CHERRY PECTORAL if taken in season. Every family should have it by them, and they will find it an invaluable protection from the insidious prowter which carries off the parent sheep from many a flock, the darling lamb from many a home.

The New York Tribune says, the reason why Drake's Plantation Bitters are so universally used and have such an immense sale, is that they are always made up to the original standard, of highly invigorating material and of pure quality, although the prices have so largely advanced," &c.

The Tribune just hits the nail on the head. The Plantation Bitters are not only made of pure material, but the people are told what it is. The Recipe is published around each Bottle, and the bottles are not reduced in size. At least twenty imitations and counterfeits have sprung up They impose upon the people once and that's the last of them.

The Plantation Bitters are now used in all the Government Hospitals, are recommended by the best physicians, and are warranted to produce an imme diate beneficial effect. Facts are stubborn things.

NEW BEDFORD, Mass., Nov. 24, 1863. Dear Sir :- I have been afflicted many years with severe prestrating cramps in my limbs, cold feet and hands, and a general disordered system Physicians and medicine failed to relieve me. Some friends in New York, who were using Piantation Bitters, prevailed upon me to try them. I commenced with a small wine glassful after dinner. Feeling better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I had not done for years I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters.—Respectfully,
