

DESICCATED MOTHERMILK

A FOOD THAT YOU CAN SAFELY PRESCRIBE. NOT A
SUBSTITUTE, BUT SCIENTIFICALLY THE THING ITSELF

Of the great tissue builder and nerve center food, lactalbumin, "Mothermilk" and human milk contain $1\frac{1}{2}$ per cent.

"Mothermilk" being an exact duplicate of human breast milk, gives to the baby, all that *the normal healthy mother* can give *at her best*.

Samples sent prepaid to the profession upon request

WINDSOR, CANADA.

Sole Distributors for Ramage Milk Products Co.

Many patients find it necessary to continue the use of cod liver oil during the entire summer. When this necessity arises Scott's Emulsion can be used with the assurance that it will not only prove far more satisfactory than any other form of cod liver oil but can be taken right through the warmest season of the year without disturbing the stomach or causing any unpleasant after effects.
