

Gilles Michel Inc.

P.O. Box 176
85 Beaudet Street
Princeville, Quebec
Canada G0P 1E0
Tel: (819) 364-2273

Contact: Therese Michel

Products Manufactured

Convertible tops and cockpit covers for powerboats.

Company Summary

Gilles Michel Inc. began manufacturing folding boat tops in vinyl and acrylic in 1974, and over the years has expanded by meeting the demand for its products with quality and service. Each Gilles Michel prototype boat top or cockpit cover is custom designed according to the client's taste to enhance the appearance of the boat in its form, style and colour. In 1982 the company established its own factory and in 1987 completed a major expansion of its facility.

Trade Names

Dolphin, Stingray, Voyageur

Current Export Markets

U.S.A., Europe

Midhurst's Dolphin combines the thrills and excitement of a ski boat with the luxury of a small cruiser.

**Company Summary**

Midhurst Fiberglass Ltd. began manufacturing quality fiberglass products in 1984 in its 7,200 square foot (666 sq. m) factory. Midhurst's marine products are made to the highest possible standards: decks and hulls, for instance, are fiberglass bonded as opposed to mechanically joined with rivets. Since its introduction, the company's Dolphin 3.3 has competed successfully in the rapidly expanding personal watercraft market. In addition to marine products, the company also manufactures Boler camping trailers, does fiberglass work for other boat manufacturers and has developed a fiberglass laminating process used for bullet-proof surfaces.

Mid-Canada Fiberglass Ltd.
