

The honourable Member for Greenwood and, I believe, the honourable Member for Winnipeg North Centre (Mr. Knowles) suggested it. The proposal is valid, interesting and could easily be studied by the Procedure and Organization Committee. Many times, I took the liberty of recommending that this committee examine some parliamentary practices. Here is one which I think could be usefully studied by the committee.

Having said that, I do not think I can comply with the honourable Member's request that the minority reports be now presented.

Mr. Groos, seconded by Mr. Wahn, by leave of the House, introduced Bill C-171, An Act to provide for the humane treatment of vertebrate animals used in scientific and industrial experiments, tests or training by recipients of grants from the Government of Canada, by agencies of the Government of Canada and by persons manufacturing or testing pharmaceutical or biochemical products for sale to the Government of Canada or to any of its agencies, which was read the first time and ordered to be printed and ordered for a second reading at the next sitting of the House.
