EXPERTS' REPORT TO BE RELEASED

Corporation Counsel Will Make It Public Within a Week.

CAR LINES SUGGESTED

Thirty-Nine Additional Routes Needed to Relieve Present Congestion.

Release of the report of the transportation experts for publication within a week is promised by the corporation counsel. The report was submitted by the experts, (Isaac Rodolph) of Chicago, and J. W. Moyes of Toronto, three months ago, and a portion of it was then published. It recommended, in addition to the 7 for the older part of the city, 14 for next oldest part, 12 for the newest part, and 8 radial lines. It also recommended that the city be divided into 12 districts, with a loop at Richmond street, provided the Toronto Railway Company will not arrange a united service with the civic car line on single fare basis.

In the opinion of the experts, therefore, surface lines would be inefficient for a rapid transit service for the city were the single fare basis arranged. As an alternative, the tubes would provide a single fare service for the people who are widening the area of the city by their desire to own their homes.

It is now accepted that the widening of Teravay street is put off because the Toronto Railway Company shows no disposition to give a united service for a few years remaining in its franchise period. The transportation committee has introduced its propaganda for a system of tubes from Queen street to the northern terminus of Yonge street, and from the corner of Yonge and Bloor streets to the eastern end of the Danforth avenue surface line, with the Bloor street viaduct construction.

As the report of the transportation experts and the report of the transportation committee, which falls under the dominion of the transportation committee, are being taken by negotiation for joint action with the transportation committee.

FELL INTO RIVER FROM ICE BLOCK

Boy Had Narrow Escape—Mar Found Dead Near St. Mary's.

ST. MARY'S, March 23.—(Special.)—The Collegiate Institute Literary Society held an interesting meeting on Thursday, which opened with a chorus from the whole assembly of "O Canada." Dr. P. T. Coupland gave an address on the care of the teeth. A musical program was given, concluding with a debate on the naval question.

The students of the Collegiate Institute, who were gathered at the meeting, which was called "The Placidist," which is read at the fortnightly meetings of the literary society.

Balantyne, son of Capt. Thompson, Downie, narrowly escaped being drowned in the Avon River, between Avonville and Monday on Friday. He slipped into the river, while standing on a piece of ice, watching the breaking up of the ice. He was rescued by a friend who was with him.

An excellent paper was read at the Ministerial association on the relation of the church to the press by Rev. Rural Dean Taylor, of Kinkora, was found dead on the roadside between that place and Stratford on Saturday. He is supposed to have been stricken with paralysis.

PATIENTS HAVE FAITH IN FRIEDMANN "CURE"

Ten Who Were Inoculated on Monday Believe Health Is Improved.

NEW YORK, March 22.—(Can. Press.)—Ten sufferers from tuberculosis who were inoculated Monday by Dr. Friedrich F. Friedmann, declared today, that their health has improved since receiving treatment. Before entering the clinic Dr. Friedmann authorized an announcement that two weeks hence he will return to Germany for a brief period to complete his laboratory tests. He will return to the United States, hopeful that by that time the government health authorities will have recognized his vaccine as a cure.

The visiting specialist consented to an interruption of his demonstration today long enough to have Dr. John W. Stranahan, head of Bellevue Hospital, the city institution where the clinic was held, question patients treated the days ago. Government physicians, about 100 students of the Bellevue and Cornell Medical Colleges were present.

None of ten patients reported they gained from three-quarters of a pound to four and one-half pounds since inoculation. None had been troubled with night sweats since Wednesday. None suffered with hemorrhages since Tuesday. None had pains since Thursday. From Monday to Thursday they felt their pulse decreasing. Nine of them felt "better and stronger" generally.

PRINCESS TRIED TO KILL HERSELF

Teresa Colonna Attempted Suicide with a Stiletto While Alone.

WROTE MANY LETTERS

Denounced Alleged Italian Atrocities During the War in Africa.

Special Cable to the World. ROME, March 23.—(Copyright.)—Princess Teresa Colonna, wife of Marcantonio Colonna, head of the Colonna family, attempted suicide in the Grand Hotel where she was staying with a companion by stabbing herself in the region of the heart, with a stiletto, choosing a moment when she was alone. Doctors Bastianelli and Marchiafava declare the wound serious, but say it will not be fatal. Many social functions have been postponed in consequence.

Princess Colonna wrote a stinging letter to the papers during the recent war in Africa, denouncing alleged Italian atrocities. Her husband then declared she was irresponsible.

Marconi and other prominent Italians wrote the princess at the time, gently condemning the assertions of the princess.

POWERS STATE PEACE TERMS

Broad Basis for Negotiation Set Before Bulgaria—Acceptance to End Hostilities at Once.

(SOFIA, March 22.—(Can. Press.)—The representatives of the powers called on Premier Guechoff separately this afternoon and handed him the following communication:

"The governments of the great powers take note with satisfaction of the acceptance of their mediation by the allied states and point out to them that before the discussion of the terms of peace has begun it is for the powers to propose a substantial grant toward the basis of negotiation to be adopted by the powers, with the exception of Albania, the delimitation of which shall be fixed by the powers.

"The question of the Aegean Islands shall be settled by the powers. Indemnity Out of Question.

"The powers cannot favorably entertain the demand for an indemnity, but they will admit the allies to participate in the discussions of the international commission in Paris for an equitable settlement of their part of the financial charges of the districts to be handed over to them. Turkey is to be asked to take part in the labor of the international commission.

GENERAL DIAZ FAVORS PEACE

"End All Party Strife and Your Future Welfare Is Assured," He Says.

Special Cable to the World. ROME, March 23.—(Copyright.)—General Paffio Diaz, late President of Mexico, at the Hotel Bristol, said to The World correspondent today: "I myself have had a severe lesson taught by which we shall profit. If Mexico behaves as she should, good relations will soon be restored between the two countries as well as between all factions in Mexico. I am not acquainted with the United States and I do not know if he continued the policy of Mr. Taft, no doubt Mexico will soon again be in the good graces of her neighbor. We want peace and if I am permitted to give my countrymen a piece of good advice, it is—end all party strife and your future welfare is assured."

FELL INTO HOLE IS BADLY HURT

Captain Abraham Charlton Found in Excavation For New Building.

Captain Abraham Charlton, 45 Bellevue avenue, for many years a member of the Toronto Fire Brigade, was badly injured early yesterday morning, while walking to church. He fell into the excavation at the corner of College and Bathurst. The building around the excavation was blown down in Friday's storm and replaced by a rail. Captain Charlton was leaning on the rail when it broke, and he fell about twelve feet to the bottom of the excavation. People on their way to church heard him groaning and rushed to his aid, but he was badly injured. He was taken to the Western Hospital. He is suffering from a compound fracture of one hip, and is otherwise bruised.

Remedies for Social Evil

WASHINGTON, March 22.—(Can. Press.)—The whipping post for white slavers and seducers of women, a tax upon bachelorhood, more careful training of children and abolition of joy rides and rag time dancing, were advocated as remedies for the social evil at a hearing here today, conducted by the Illinois Senator.

REV. J. F. DOHERTY IN NEW CHARGE

Preached at St. Luke's Church For First Time on Sunday.

INDUCTION NEXT WEEK

New Rector Made Very Favorable Impression at Both Services.

Rev. J. F. Doherty preached before large congregations, as the new rector at St. Luke's Church yesterday. After his ministerial appointments have been at several churches, including three as assistant rector of St. Paul's Cathedral, his appearance is almost youthful, but he has been a minister for fifteen years, and he wished someone would tell him in what way the riding had benefited during that time. He has only been a year in the ministry, but he has given fifteen rural mail routes for the riding of North York.

He has been told that J. M. Mackenzie King had said: "That young man should be recalled." All he had to say in answer to that was, "I am glad to be in the field when Mackenzie King is forgotten."

Referring to the government's naval policy, the government is going to force the navy bill through it takes a month to do it.

WILSON AND FRANKLIN

Explorer Is Overwhelmed With Applications of Volunteers—Scientist to Accompany Expedition.

LONDON, March 23.—(C. A. P.)—The Canadian Associated Press was informed this evening that the council of the Royal Geographical Society, at its forthcoming meeting, will consider a resolution voting \$25,000 as a substantial grant toward the cost of the expedition which he is undertaking under the auspices of the Canadian Government.

Stefansson says, while he has experienced considerable difficulty in finding suitable men, and is still looking for an oceanographer and marine biologist, he has been impressed with the scores of offers of gratuitous services he has received. In many cases the applicants are titled people. It shows, said the explorer, that the desire of which we have so recently been reading, "as had little deterrent effect."

CATARRH OR COLDS NEVER QUICKLY CURED BY SWALLOWING DRUGS

Cough Syrup, Tablets, etc., Go to the Stomach, Perhaps Sicken It, But Don't Kill the Germs of Catarrh.

The Direct Breathing Cure is Best. To cure an ailment in the throat or chest, to root out Catarrh or Asthma, is essential that the medicine be conveyed direct to the affected parts. This is why no other remedy has achieved such world-wide success as Catarrh Cure, which alone can be breathed in one second to every air cell in the breathing organs. The healing vapors of Catarrh Cure mix with the breath and descend through the throat, down the bronchial tubes, to the deepest air cells in the lungs—all parts are saturated with the rich piney essences that cause heat and cure.

ITALIANS FOUGHT OVER RELIGION

Razors Used Freely in Miniature Battle in the Ward.

Because the party could not agree on what was the best form of religion, several Italians attempted to settle the dispute with the aid of razors at Elm and Chestnut streets last night. When plainclothesmen Majury and Koster arrived, a miniature war was in progress. After the men had been parted two by two, he secured the victor, who was badly injured. He was taken to the Western Hospital, to have his wounds dressed, while the other man was arrested on a charge of wounding.

There is no remedy so certain and safe as Catarrh Cure, but being a good remedy it is limited. Beware of the substitutes. Large Catarrh Cure boxes two months, price \$1.00; smaller sizes 25c and 50c. At all storekeepers and druggists, or the Catarrh Cure Co., Buffalo, N.Y., and Kingston, Canada.

WORTHY YORK CONSERVATIVES HELD THEIR ANNUAL MEETING

Stirring Speeches Delivered by Members of Local and Federal Houses—J. A. M. Armstrong Disposed of Personal Allegations Made Against Himself in the Riding.

WARD SEVEN.

All local churches celebrated the Easter festival with special music yesterday. At Victoria Presbyterian Church, the choir under Donald MacGregor rendered excellently two anthems at morning and evening services.

The police at number nine station were notified about 8 o'clock last night of a very dangerous live wire owned by the Interurban Electric Co., which was down and blowing around on Westwood road, between Davenport road and St. Clair. An officer was dispatched to guard it until representatives of the company arrived to repair it.

NORTH TORONTO

The large attendance at the Easter services in the Eglington Presbyterian Church on Sunday gave very substantial evidence of the congregational growth and development of the new place in the church during the past two years. The pastor, Rev. W. G. Back, officiated at both morning and evening services, preaching telling sermons. The choir rendered the sacred chalice of Easter-day. Miss Bellie Pughley sang appropriate solos at each service.

At St. Clement's. At St. Clement's Church the singing of the choir was particularly good for the large congregations at both the morning and the evening services. In the morning, the choir was particularly good, delivered a very earnest sermon on the significance of Easter to all Christians. The altar and roof were beautifully decorated with flowers, and the singing of the choir was particularly good.

CREDIT SALE OF REGISTERED HOLSTEIN CATTLE.

Also High-Grade Holsteins, Horses, Farm Implements, etc. Early Ohio and Cobble potatoes. The property of G. Matheson, lot 16, concession B, Eglinton, one and a half miles southwest of Weston, and one mile north of Lambton, on Thursday, March 27, 1913, at one o'clock, P.M., at the residence of J. McLaughlin, Auctioneer. Sale will take place on above property. —123

BRAMPTON.

There is a possibility of the Massey-Harris Co. erecting a branch factory in Brampton. A number of the firm were in town last week.

Mr. MacMarshall met with an accident on Thursday that will confine him to his bed for some time. While leading a fractious cow he jumped on him, bruising his body. Five stitches were put in a gash over his eye. Inflammation has set in and his condition is serious.

The old country men's football team journeyed to Georgetown on Saturday and were beaten by 4 to 1 by the Victorians of that town.

There died in Brampton one of the oldest residents of Peel County in the person of Mrs. William Nelson. Born in Scotland in 1837 she came with her parents to Canada in 1860.

CATHOLIC CHURCH AT COBALT A RUIN

Structure Costing Forty Thousand Dollars Collapsed During Great Gale.

MASS WAS DISTURBED

Number of Parishioners Fled From Edifice Barely in Time.

COBALT, March 22.—(Special.)—The total wreck of the Roman Catholic Church just as mass was said, the narrow escape of three men from falling signs, the caving in of one of the walls of the wrecking of innumerable smaller buildings in Halleybury, Cobalt and New Glasgow, attended the passage of the 70-mile-an-hour hurricane from Northern Ontario since about Friday noon. The Catholic Church was built after the former building had been destroyed in the great fire three years ago. It cost \$40,000. It is a complete wreck, scoundrels for more than scattered for acres. Father Arsenault, who was conducting confession at the time, says there were about ten members of the church when the whole edifice seemed to crack from the gusts of the terrible wind. Every wire was blown away and dismissed and they all left the church. It was but shortly after that the church trembled for a second and then with a crash and grinding sound came toppling to the ground. The church is now but a scattered mass of twisted planks and boards. Father Arsenault had a most narrow escape, as he had only just reached the pulpit when the big building was scattered to the four winds.

Mr. Stewart Thorpe, manager of the Colonial Mine, was struck by a 25 foot sign and felled to the ground, the blow glancing from his shoulder, and while he was unconscious for more than a hour afterwards, he is much improved today. George Dempster, Cobalt manager of the "Mining" Telephone Company, had a limb a pole when under the stress of the great wind it snapped and he fell heavily to the ground, breaking ribs, and dozens of dwelling houses were badly damaged. In New Glasgow, the Canada Hotel, the "Mining" Temple, and O'Brien power house, the Buffalo Hotel, a large chimney was blown down and crashed thru the roof of the bar-room, wrecking it.

NEW SPELLING OF THOUSAND WORDS

Changes May Cause Harty Laf But Mean Order, Not Chaos.

NEW YORK, March 23.—(Can. Press.)—The simplified spelling board issued today its fourth list of words to appear in new fashioned orthography. Approximately 1000 words are shortened or changed in spelling.

"In considering these new spellings," the board said, in announcing the new list "do not be too much influenced by a word's appearance. It is a word, any change must look odd at first. Consider, rather whether the change will bring a real gain if the public should accept."

Some of the changes are dropping the silent "h" in such words as chaos and chameleon, dropping the final "k" in words like haddock, changing heart and hearth to hart and harth; substituting laf for laugh and cot for cough; holding the "g" in goat, gnomes and similar words; substituting noo for knee and mneac for knick-knack and dropping "m" in many words; changing "y" to "i" in many words; changing "y" to "i" in many words; changing "y" to "i" in many words.

Rev. F. A. Magee conducted the services in the Eglington Methodist Church on Sunday in the absence of the pastor, Rev. A. J. Balfour. The choral music, conducted by Mr. W. J. Lawrence, is always a feature of the services in Eglington Methodist Church, but the choir exalted themselves yesterday. The solo of Mrs. F. A. Magee and Miss Gertrude Ives were much appreciated.

OPPOSE PREVENTION.

Ex-Mayor Brown presided at the anti-prevention meeting in the Orange Hall on Saturday night. About sixty or seventy citizens turned out to register their disapproval. A strong resolution was passed, as to the harm that would result to property in the neighborhood. The following were appointed and committed to wait on the board of control and oppose the proposition to the best of their ability: Messrs. A. J. Brown, R. H. Trimble, J. Sibbard, G. Hendie, D. C. Hossfeld, J. Kirby and C. W. Kerr. At the close of the meeting, councilor D. B. Reid gave a short talk on transportation by the foot frontage plan, working out the cost to about 20 per cent frontage for a satisfactory, unimpaired car service in the northern area.

CREDIT SALE OF REGISTERED HOLSTEIN CATTLE.

Also High-Grade Holsteins, Horses, Farm Implements, etc. Early Ohio and Cobble potatoes. The property of G. Matheson, lot 16, concession B, Eglinton, one and a half miles southwest of Weston, and one mile north of Lambton, on Thursday, March 27, 1913, at one o'clock, P.M., at the residence of J. McLaughlin, Auctioneer. Sale will take place on above property. —123
