PREMIER'S LIFE ONTARIO HOUSE STILL HANGS TO OPEN IN IN BALANCE FEBRUARY

"Patient Has Had Another Restful Day With No Material Change," is Latest Bulletin—Interest Shown by Sir James in Public Affairs is Encouraging.

NEW YORK, Jan. 6.—(Can. Press.)—Sir James Whitney, the premier of Ontario, who is ill with heart disease at the Hotel Manhattan, continues to hold his own. The bulletin issued at 9 o'clock tonight was brief, and not particularly illuminating. Dr. R. A. Pyne, the premier's family physician, said merely: "Patient has had another restful day, with no material change."

Horace Wallace, the premier's secretary, declined to interpret the bulletin, but in his conversation, as well as in that of Dr. Pyne, during the day, there was apparent a note of hopefulness.

It was stated at the Manhattan today that Sir James had shown some interest in public affairs during the day. While those in attendance discouraged this tendency, they regarded it as distinctly encouraging.

During the day Dr. Pyne left the hotel for a visit to some friends. This, too, was counted a hopeful sign, as since the Ontario premier has had attacks of heart trouble, his colleague has left him only for brief walks in the neighborhood to get a breath of air. Lady Whitney, however, has been unremittent in her attendance and has

Attempts have been made during the past week to settle the dispute, but the government has refused to reinstate the men. As the Natal coal miners are still on strike, the situation is extremely grave.

Millions of dollars have been spent in fighting the pest in the New England States, but it is hoped to prevent it getting a strong foothold in this country.

TUG AND FOUR MEN HAD NARROW ESCAPE

Terrific Storm on the Lake Nearly Wrecked "Earl King" Off Sunnyside.

The tug Earl King, with a crew of four men, narrowly missed foundering in the lake off Sunnyside late yesterday afternoon. Had it not been for the nerve and ability of the captain, there is no doubt but that the tug would have gone down in a few minutes. One of the worst storms ever experienced by local mariners was raging on the lake, and the waves were many feet high. The sea became so dangerous that contractors who had been working on a derrick at the Parkdale Canoe Club building sent the tug to take them off. The tug was tossed about helplessly. The crew piled over her deck and put out the kitchen fires. The cook was washed out of the galley, and the diesel engine was nearly ruined. Finally the tug was turned toward the harbor, and after a rough journey arrived in safety.

F. S. Ewens Was Secretary of Ward Seven Ratepayers' Association.

Deep regret was expressed yesterday in Methodist circles at the death of F. S. Ewens, manager of the publication department of the Book Room. He was an arduous worker, and last year also discharged the duties of secretary of the Ward Seven Ratepayers' Association. He was born at Acton 41 years ago. He entered the Book Room as a boy copy-holder. He was married in 1898 to Miss Susan Henry Toronto. He is survived by the widow, four sons and a daughter and his parents.

MOYES MUST REMEMBER HOW O. W. S. RAILWAY SPENT \$400,000 RAISED ON MUNICIPAL BONDS

Ontario Railway Board Issues Ultimatum to Ex-President of Defunct Road—Money Was Diverted to Moyes' Private Account and Written Records Are Lost.

The Ontario Railway Board has issued an ultimatum to John W. Moyes, ex-president of the Ontario West Shore Railway. This came as a climax to the evidence of yesterday wherein it was shown conclusively that his was the mind which had engineered this project from flotation to ruin. The temper of the board was plainly shown. The time for side-stepping had passed. He, and he alone, must clear up the mystery and explain the dissipation of \$400,000 worth of municipal bonds, the guarantees of which are even now bearing heavily on a dozen municipalities on the shores of Lake Huron.

ROOMING-HOUSES WERE HIS PREY

Numerous complaints have recently been received at police headquarters from rooming-house proprietors regarding the operations of a young man, who, after renting a room for a period would clean up all the valuables in the house, then leave without paying his bill. A young man, suspected of the thefts, was arrested by Constable Parker (18) in Parkdale yesterday afternoon.

GREECE IS GIVEN PLAIN WARNING

Italian Press Points to Downfall of Bulgaria and Gathering Clouds on Horizon.

ROME, Jan. 6.—(Can. Press.)—The Greek premier, Eleutherios Venizelos, will arrive in Rome on Friday, and after a brief stay will continue on to Paris and probably other European capitals. He is the bearer of an autograph letter from King Constantine to King Victor Emmanuel. The Italian press, while welcoming the visit, warns Greece, which drew great advantage from the Balkan wars, not to repeat the mistakes of Bulgaria. The newspapers point out that the purchase of the battleship Rio de Janeiro by Turkey, the assumption by Enver Bey of the portfolio of the Turkish ministry of war and the aspirations of Izzet Pasha to lead the Albanians against the Greeks are indicative of the possibilities.

INJECTION OF SUGAR SAVES PATIENTS' LIVES

PARIS, Jan. 6.—(Can. Press.)—The injection of sugar into the veins of patients apparently dying from heart failure and exhaustion from various diseases, not only restores the heart action, but produces a remarkable improvement in the general condition. Such is the substance of a communication from Dr. Enriquez of the Hospital De La Pitié to the Academy of Medicine tonight. The results in many cases are said to have been almost miraculous, and no ill-effects whatsoever were experienced.
