or from correspondence with other belligerent nations, which would indeed have been interesting but not material to the present case.

The Survey of International Relations Between the United States and Germany aims to give an authentic account of the conduct of the United States during the period of its neutrality, and the attitude of the Imperial Government towards the United States. An extended introduction is prefixed, setting forth the views of monarchs, statesmen, and publicists of that country, showing the German conception of the State, International Policy and International Law. The narrative giving the views of both Governments is based upon the documents contained in the volume of Diplomatic Correspondence Between the United States and Germany.

The publishers have pleasure in announcing that Mr. Scott has directed that the royalties due him for these volumes be presented to the Department of State War Relief Work Committee, of which Mrs. Robert Lansing is Preside .
