### BAD SIDE OF 8-HOUR DAY.

The eight-hour working day came in for a bad shock at the court of revision yesterday. A number of C. P. R. employees appealed against increased assessments, complaining they were not making as much money under the eight-hour day as when they were performing longer duties. "You deserve exemption," ruled the chairman. "The way things are going the white races will be completely swamped in the course of a couple of centuries."

### WHOLESALE ARRESTS EXPECTED.

The following sensational statement was made by Fred W. Rose of the Liberal organization yesterday: "Information has come to Mr. Dewar today that names have been placed on the voters' list in Toronto of people who do not reside at the place given or never did reside and are unknown. This is for the purpose of plugging the vote."

Detectives have been immediately put on the case and from information we have there is no doubt that a wholesale attempt is going to be made to steal the election in Toronto for the Conservative candidates. "Wholesale arrests are expected to be made on election day. Money has been flowing freely, and it is expected that men prominent in the Conservative ranks will be implicated."

## IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is Sign You Have Been Eating Too Much Meat.

When you wake up with backache and dull misery in the kidney region, it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid, which overworks the kidneys in their effort to filter it from the blood, and they become sort of paralyzed and sluggish. When your kidneys get sluggish and clog, you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds, and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life-saver for regular meat eaters. It is inexpensive, cannot injure, and makes a delightful, effervescent lithia water drink.

## BRITISH NAVY WON WORLD WAR

Peter Wright Appeals to All Classes to Support Navy League.

"When among the leaders of thought in neutral countries, I was astounded when they stated that the British navy had won the war," said Peter Wright during an interview with The World yesterday. "What applies to the past will assuredly apply to the future, therefore, the work of the Navy League is of paramount importance to the country." Wright, president of the league because of its non-political character and, since national interests are often times lost in the infighting of politicians, there lies its strength. In order to be independent of her neighbors in the matter of transportation, it is essential that Canada creates a mercantile marine of her own, manned by Canadian seamen. With this object in view, the Navy League campaign was arranged to raise funds to provide facilities and opportunity to every Canadian boy who is interested, to be trained for the service.

"I feel sure that the people of Ontario, particularly the farmers, who have prospered during the past few years to a large extent because of the navy, will heartily support the league during the campaign."

Mr. Wright stated that 35,000 seamen of the mercantile marine had sacrificed their lives by "sticking to their job" during the war and such men, guarded by the navy, had enabled the farmers to realize the dream of two dollar wheat.

Quoted Tirpitz, in further proof of the wonderful work of the British navy during the war, the speaker quoted from a conversation held between Admiral Von Tirpitz and Mr. Gerard, American ambassador to Germany, as follows: "Our submarine warfare is going to bring Britain to her knees and when we have her there she will have to pay out price. That price will be the British navy and with it and our own, we will go to America and take what we want."

In regard to the present unrest in England and Canada, Mr. Wright asserted that the greatest needs of today were production, retrenchment and reform. "Increased wages and more comfort, fewer working hours and a greater production can be done properly if the men are interested in their work and with the proper use of modern machinery. "But," continued the speaker, "increased wages, less hours and less production means bankruptcy."

Mr. Wright stated in conclusion that insofar as reform is concerned, that the so-called leaders today are trying to reach the moon with a lead book, but the real fault and the real remedy lies in the educational system which inculcates selfishness. "Ideas which inculcate the selfishness of the people and should be replaced by a system whereby all the innate high qualities and hidden potentialities could be drawn from the pupils."

At St. James. Later Mr. Wright addressed 200 male workers in the coming Nelson Day campaign at a luncheon in St. James' parish hall, firing the first gun in the Navy League's drive with a wonderful appeal.

"The proud Kaiser was a liar when he said in 1914 that there was no affinity between Canada and Great Britain," asserted Mr. Wright, who reviewed the work of Canadians in the war, and with graphic emphasis told how the British navy had saved the civilized world.

Mr. Wright paid a high tribute to the men at the back of the Navy League of Canada. "They are white men, sacrificing valuable time and ability for the ultimate good of their country. Mr. Jarvis is one of the finest men I have ever met. He knows what sea power means and that the Canadian people must be taught what sea power means. That is the great object of the Navy League of Canada."

Salvor Was Grateful. Incidentally Mr. Wright told of an occurrence on a British torpedo boat. He was talking to a sailor who was wearing a splendid white sweater. "That sweater was made by a Canadian woman and if I only knew her I would give her my pay for it," was the grateful remark of the sailor man.

Mr. Wright warmly endorsed the work of the Navy League in giving Canadian boys an opportunity to follow the sea. "I don't want Canada to have to rely on the United States. I want Canada to have a mercantile marine of her own. Realize your future as citizens and as your forefathers did, build something for destiny."

R. G. Stappels, chairman of the Toronto campaign, who presided, emphasized the great work of Peter Wright on behalf of the empire. Amelius Jarvis acknowledged Mr. Wright's appreciative reference to him and spoke with pride of the fine class of men who are rallying to the Navy League's standard. He urged the importance of a Canadian navy and a Canadian mercantile marine as great factors in securing a continuance of prosperity. Col. Cecil Williams gave a vigorous address on patriotic lines and predicted overwhelming success for the Nelson Day campaign, despite all obstacles.

Peter Wright will speak in Massey Hall tonight at a Nelson Day meeting under the auspices of the Kiwanis Club and the Empire Club, after which he will at once return to Winnipeg. This morning he addressed the employees of the R. Simpson Co. Ltd.

### REFERENDUM SOCIAL.

Mrs. Horace Parsons was the speaker at a meeting on the referendum held at the home of Mrs. F. H. Deacon yesterday afternoon. The speaker explained the ballot and the method of voting and urged her listeners to vote the three "noes." Mrs. Grace Walker, in the chair and Mrs. Thos. Carril contributed a vocal program.

### EXPECT TO TOP LIST.

Sam Harris, one of the campaign managers for the Navy League, was entertained to dinner at the National Naval Veterans' association, who will form his team for the factory district west of Bathurst street. Mr. Harris expressed himself as having unlimited faith in the team and expected them to top the list. Mr. R. A. Stappels also addressed the workers and urged them to spare no effort in their work for the league.

## PAINFUL NEURALGIA

Is Caused by Thin, Watery Blood and Cured by Enriching the Blood.

Most people think of neuralgia as a pain in the head or in the face, but neuralgia may affect any nerve in the body. Different names are given to it when it affects certain nerves. Thus neuralgia of the sciatic nerve is called sciatica, but the character of the pain and the nature of the disease are the same. The cause of the disease is the same. The pain in neuralgia is caused by irritated nerves. The blood which carries nourishment to the nerves has become thin and impure and no longer does so, and the pain their natural food. You may ease the pains of neuralgia with hot applications, but you can only cure the trouble by enriching and purifying the blood. For this purpose you need no medicine that can equal Dr. Williams' Pink Pills. These pills actually make the blood and thus act as the most efficient nerve tonic. If you are suffering from nerve tonics, if you are troubled, or any form of ailment, give these pills a fair trial, and see how speedily you will be restored to good health.

You can get Dr. Williams' Pink Pills from any medicine dealer, or by mail at 50 cents a box, or by express at \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

# Vote-and Vote "No!"

## The Final Appeal of the Ontario Referendum Committee

1	Are you in favour of the repeal of the Ontario Temperance Act?	YES	NO
2	Are you in favour of the sale of light beer containing not more than two and fifty-one one-hundredths per cent. alcohol weight measure through Government agencies and amendments to the Ontario Temperance Act to permit such sale?	YES	NO
3	Are you in favour of the sale of light beer containing not more than two and fifty-one one-hundredths per cent. alcohol weight measure in standard hotels in local municipalities that by a majority vote favour such sale and amendments to the Ontario Temperance Act to permit such sale?	YES	NO
4	Are you in favour of the sale of spirituous and malt liquors through Government agencies and amendments to the Ontario Temperance Act to permit such sale?	YES	NO

THERE are two grave dangers facing the province.

One is, that men will neglect to vote through over-confidence.

The other is, that women, not being hitherto accustomed to voting and being unfamiliar with polling places, will hesitate to make use of their franchise.

To both men and women voters the Ontario Referendum Committee issues this final appeal.

## Get Out and Vote!

OVER-CONFIDENCE spells defeat. Ontario men cannot afford to have the Ontario Temperance Act repealed or so weakened by the proposed amendments as to be worthless.

Don't take any chances. Vote for your boy's sake if for no other reason.

Don't let the issue go by default. Get out and Vote, and see that every member of your family on the voters' list gets out to vote, too.

## Women—the Issue Depends on You

WOMEN who have never voted in their lives before are voting in this Referendum.

The women of this province have it in their own hands to-day to save the Ontario

Temperance Act. If the Act is spoiled or repealed it will be because the women of Ontario were reluctant to leave their homes to go to the polls and put in a vote against "booze," the destroyer of homes. The women of Ontario must Vote to save the Ontario Temperance Act, and vote No to every question.

Then your duty is done. If all the men and women in Ontario who favor prohibition do just that much, "the menace of drink" is lifted from Ontario forever.

## Mark Four X's

(One after each question under the word No)

Cut out the sample ballot herewith and take it with you to the Polls. Make no other mark than four X's, or your ballot is spoiled. Be careful and fail not.

### PURCHASING AGENTS MEET

The regular monthly meeting of the members of the Purchasing Agents' Association of Toronto, held at the King Edward Hotel on Wednesday last, Oct. 15, was the most enthusiastic meeting held since the organization of this association. Plans were outlined for increasing the membership to at least 300.

Dinner was followed by talks on "Character Study" and "Character Reading by Means of Handwriting," given by Prof. Farmer of the University of Toronto.

### LOCAL HYDRO SEEKS CAPITAL

The local Hydro Commission will, according to the mayor, very soon make an application to the city for \$700,000 new capital for the purpose of extending the system and to provide for expansion of business.

### AUSTRIA INSISTS ON DEMOCRATIC REPUBLIC

Basle, Switzerland, Oct. 17.—The Austrian government, says a Vienna dispatch, has introduced in the national assembly a bill stipulating that the territory assigned Austria by the treaty of St. Germain shall be democratic republic under the name of "Republic of Austria."

Another provision in the bill abrogates the law of November, 1918, declaring Austria to be an organic part of the German empire.

### BIG BOMBER TO VISIT WASHINGTON OR CHICAGO

Mineola, N. Y., Oct. 17.—Either Washington or Chicago will be visited next week by the giant Handley-Page airplane Atlantic which, piloted by Vice-Admiral Mark Kerr of the British navy, arrived here last week from Paris.

N. S. It was announced tonight.

Carrying from ten to twelve specially invited persons on each flight, the machine today took more than 100 prominent New Yorkers on short flights over Long Island.
