T. EATON CO. "Canada's Greatest Store."

A New Entrance on James Street.

One of the most important of our recent improvements about the store is the new entrance on James Street. It is directly opposite the New City buildings, and leads right through our enlarged Dress Goods Department. This entrance will prove very acceptable to shoppers coming down town in carriages, as it enables them to avoid the crush and congestion that usually attends traffic on Vonce and Queen excepts.

PRACTICAL PATRIOTISM. A sentiment that is but indifferently de-loped among Canadians is what might be called the sentiment of practical patriotism.

The people of the United States are as full of this sentiment as we are lacking in it. The Americans will allow no foreigner to make any article for them which they can anufacture themselves. No English or patriotism should not only be fostered by the Government, but it should be cultivated by individuals as well. > TOO HIGH A PRICE TO PAY. Hamilton Herald: Three-quarters of a million doilars a year for ten years is a large sum for this country to pay for a fast Atlantic service. Some people, not altogether devold of intelligence and public spirit, believe that it is much too large a sum to pay for the advantage of making Canada the highway of travel for a larger number of tourists between Europe and the Orient. But when, in addition to this large money-grant, Canada is asked to hand over her only national railway to the C.P.R., and thus at one stroke sacrifice all prospect of a transcontinental railway system under Government control, one stands in amazement at the audacity of the proposal.
>
> Government ownership and operation of the means

in amazement at the audacity of the proposal.

Government ownership and operation of the means of transportation is one of the live public questions of the near future. The feeling in favor of it has latterly been growing wonderfully, especially in the west. The relivary magnates look upon this growing sentiment with alarm, and will naturally leave nothing undone to check it. To secure the transfer of the Intercolonial from the Government control to the control of the C.P.R. would be a splendid piece of defensive generalship on the part of those whose interests would be antagonized by the extension of the Government railway system; it would postpone for many years the triumph of the principle of state ownership. It is not strange, therefore, that Sir William Van Horne should desire to have the Intercolonial incorporated in the C.P.R. system. The strange thing is that he has put the proposition so frankly and bluntly before the public. When the full effect of the proposition is generally understood, public opinion will be dead against it, and no Government will dare to carry it into effect.

The World is glad to reproduce the above clear-cut opinion from our Hamilton friend.

And rather significant is it, just after
Sir William Van Hamilton friend. Sir William Van Horne's statement that he would die happy if the C.P.R. were given the Intercolonial Railway and \$750,-000 a year bonus, to start a fast Atlantic service, that Hon. Mr. Tarte should say

in an interview in London, as printed in our paper yesterday: He said that nothing would please him better than for the Canadian Pacific Railway Company to take the fast mail service in hand. Their interests were so completely identified with those of Canada that nothing but good could come of it. Moreover, it would enable them to complete the last link in their chain binding the Orient with Eng-

Is Mr. Tarte ready to turn the Inter colonial over to his friend, Sir William? PAST DUE POLITICAL NOTES. Montreal Star: The signs of the times seem to indicate that most of the Ministers expect the elections to take place this year. To begin with, Sir Wilfrid is traveling around picking up his dishonored political promissory notes, and no doubt renewing them.

There is a large amount of this same paper affoat in Ontario in the shape of proises to the Senate and the like. Our old friend, H. H. Cook, says he'll not renew his. James Young of Galt, James Innes of Guelph, S. H. Janes of Toronto and many others have also a block of it. There are from Ontarlo who desire to go in the Senate. They are all to be asked to run again and wait till the election is over. They

THE BLUES.

The Blues is the name given to a painfully common disease. The symptoms are a strong feeling of disgust at the world; a stronger feeling of disgust at one's self; utter loss of hope in the ultimate triumph of virtue in the present state of society, and total all-embracing dissatisfaction with things that are.

It is astonishing how easy it is at times to be selzed by a fit of the blues. A fancied slight, an imaginary trouble, an exaggerated idea of one's own insignificance brought home by some cause or other will all separately or combined bring on an attack of this complaint. At times the mind is so open to attack that everything is tinged with morbidness. The sight of the happiness of others, or even the effort of one's friends to please one's self are but the excuse for bitter thoughts and unwholesome fancies.

the excuse for bitter thoughts and unwholesome fancies.

The Blues is apparently and on the surface a disease of the mind. But, after all, the old-fashioned question, put to one's selt when one feels an attack coming 'm-"Now, what have I been eating?" will discover the cause every time. The cause of the Blues lies in the stomach. Dodd's Dyspepsia Tablets will remove the cause instantly. The stomach has a closer bearing on the condition of the mind than insults, slights or outside excitements of any kind. If digestion is perfect one is happy. And on the other hand who ever heard of a happy Dyspeptic?

Dodd's Dyspepsia Tablets are for sale at all druggists at fifty cents a/box, six boxes \$2.50, or will be sent on receipt of prica by the Dodd's Medicine Co., Limited. Toronto.
