The Path to Health

For many thousands of women the Path to Health has certainly been through Lydia E. Pinkham's Vegetable Compound. When this great remedy was first introduced, and for many years after, skeptics frowned upon its curative claims, but as year after year has rolled by and the little group of women who had been cured by it has since grown into a vast army of hundreds of thousands—doubt and skepticism have been swept away as by a mighty tidal wave, until today this purely vegetable medicine is recognized as the greatest remedy for woman's special ills in the world. This is because it is a wonderful tonic and reconstructer which acts directly and favorably upon the feminine organization and is a specific for that purpose.

LIFE UNDERWRITERS CONCLUDE CONGRESS WITH LARGE BANQUET

First Ever Held by Them in Western Ontario.
E. J. McIVER SPEAKS
Subject "Place of the Underwriters in Reconstruction."

The first educational congress of life underwriters ever held in Western Ontario came to a conclusion last evening after two days of very interesting and instructive sessions. The final phase of the congress took the form of a banquet at the Tecumseh House, and the guests, among whom were a goodly sprinkling of the fair sex, enjoyed not only an excellent dinner, but an exceptionally good bill of fare in the way of addresses and music. Tomorrow town will be free to take trips for their inclination dictates, and already several parties have been made up for visits to Port Stanley, the ball game, Springbank Park and other places of interest.

RICH, RED BLOOD MEANS HEALTH

Weak, Pale People Require a Blood-Making Medicine.

It took centuries for medical science to discover that the blood is the life. Now, it is known that if the blood were always abundant, rich and pure, very few people would ever be ill. It was not until the end of the 19th century that an instrument was invented for measuring the red part of the blood. Then doctors could tell just how anemic a patient had become, and with medicine to make new blood the patient soon got well.

All the blood in the body is nourished and kept rich and red by the food taken daily, but when, for any reason, a person is run down and cannot make sufficient blood from the food to keep the body in health, then a blood-making medicine is required. The simplest and very best of bloodmakers suitable for home use by anyone, is Dr. Williams' Pink Pills. When a course of these pills is taken their good effect is soon shown in an improved appetite, stronger nerves, a sound digestion and an ability to master your work and enjoy leisure hours. For women there is a prompt relief of, or prevention of ailments which make life a burden. Mrs. Thos. Kaske, Trenton, Ont., tells how she obtained new health and strength through the use of Dr. Williams' Pink Pills.

"The weakness came on me so gradually that at first it was hardly noticeable. But after a time it got so that I could not go upstairs without stopping to rest. Every particle of color left my hands and face, and the least exertion would tire me and leave my heart palpitating violently. I consulted a doctor who told me the trouble was anemia and prescribed a tonic. I took this medicine for some time, but it did not seem to help me a bit. Then I read of a cure in a similar case through Dr. Williams' Pink Pills and decided to try them. The result was: I have gained all my former health and strength, and feel that I owe my present condition entirely to Dr. Williams' Pink Pills."

You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Company, Brockville, Ont.

WALTHAM

THE WORLD'S WATCH OVER TIME

WALTHAM
Convertible Bracelet Watch

WITH all the accuracy for which Waltham has become world-famous, this dainty little watch possesses unique beauty and distinction. It is pre-eminently the watch for women.

At the bottom of the case is a small eye to which, when open, one end of the bracelet is attached.

But if you desire to wear the watch in some other way—on a chain or brooch, or as a ribbon

wrist watch, for example—a slight pressure of the finger folds the eye back flush with case, leaving no indication of its use as a Bracelet Watch.

This versatility of wear is very useful because the watch can be worn in whatever manner fashion may dictate.

As a gift for a bride, or a girl graduate, or as a birthday gift or a present for any like occasion, the Waltham Convertible Bracelet Watch enjoys wonderful vogue.
