FALLS ON HOT STOVE, BABY IS BURNED, BUT LIKELY WILL LIVE

The year-old baby son of George Kirk, Hamilton road and Hydro street, was painfully burned and scared when he fell out of his high chair on top of a hot cook stove, Thanksgiving morning.

Dr. Edwin Spence, who was hurriedly summoned, stated to The Advertiser that the youngster was terribly burned about the face and will carry lifelong scars as the result of the accident. The child will recover, the doctor believes.

NAVAL WAR VETERANS TO MARCH IN REVIEW BY PRINCE AT BARRACKS

The naval veterans of the great war will be included in the review by the Prince of Wales at Wolseley Barracks. If sufficient number of them communicate with Lieut.-Col. G. R. Higgins, R. N. V. R. (phone 3049), before October 18.

Space is to be allotted the naval party by the authorities in charge and as London turned out more men for this branch of the fighting forces during the war than any other city in Ontario with the exception of Toronto, it is expected that the turnout will be large.

COULDN'T ANSWER CALL BEING HELD IN THE JAIL

Not often is it that a violator of the city bylaws is put in jail, but such was the case of C. Rossoni, Inspector Robert Birrell called out in court Tuesday morning for Rossoni to come forward and answer to the charge of breaking the bylaw, for which is provided the small fine of \$2. All through the corridors of the old Carling street institution the policemen attending court paged Mr. Rossoni.

Where was he? Here is the solution of the mystery: Rossoni, it was said, was arrested Saturday charged with stealing four calves from George Smith, a butcher at Derwent. Rossoni is also a butcher. However, some kind friend paid the \$2, for John Moule, the police court clerk, had an entry on the blotter to that effect. Anyway, when "the roll was called up yonder," Rossoni was resting quietly awaiting trial before Squire W. H. Chittick, magistrate of Middlesex County.

Here's Why:

1ST.—No store in Western Ontario buys in such large quantities as Wegner. Enabling Wegner to buy at the manufacturers' wholesale price, while the small man buys at the manufacturers' retail price.

2ND.—Wegner pays spot cash for all merchandise, enabling us to save our cash discount, also our "quantity" discount.

3RD.—Our overhead expenses are the lowest in the city, as both our stores are out of the high rent district.

4TH.—In staple lines Wegner buys two or three years ahead of a rising market, and we are able to sell many lines cheaper than the little fellow can buy for.

5TH.—Wegner sells wholesale and retail, and carries one of the largest men's stocks west of Montreal.

TO ASK ESTIMATES FOR NEW RIDOUT ST. BRIDGE; NOW UNSAFE

Council Advocates Saturday Afternoons Off for City Hall Employees—Awaits Report.

Estimates for building a new Ridout street bridge will be prepared immediately if a motion by Ald. G. B. Drake at the board of works last night is adopted by the council. The committee had a lengthy discussion on the subject. Engineer H. A. Brazier estimates that it would cost about \$3,000 an amount the present bridge. Ald. C. G. Moorhead thought that this amount should not be spent in the bridge if it were to be replaced. He moved that the bridge be repaired, but did not state in his motion the amount of money to be used. Likely Close Bridge.

It is understood that no repairing can be done until an amount is named. Mayor Somerville said that if a new bridge was to be built the present one should be left as it is, and if necessary, closed up. This will likely mean that the bridge will be closed. Engineer Brazier states that it will be safe for traffic of less than four tons' weight only when it has been replanked.

Mover C. B. Somerville, Ald. E. S. Little and W. A. Wilson were named as a committee in a motion by Ald. Moorhead to report on the closing of city offices at one o'clock Saturday afternoon throughout the year. Ald. G. B. Drake made an amendment to

ALDERMAN COLBERT IS RECOVERING FROM HURTS OF AUTO ACCIDENT

As a result of being struck by an auto at the corner of Dundas and Ridout streets at 5 o'clock on Monday afternoon, Ald. John Colbert is confined to bed, suffering from injuries to his leg and back. He is recovering. Mr. Colbert, who is a conductor on the street railway, was crossing from the car to the sidewalk to operate a block light switch, when the auto hit him, knocking him several feet and scattering his cash and transfers about the road. The auto was owned by Wesley Harrison and driven by Mr. Armstrong. As it was his last trip, the alderman continued to work until it was time to go home.

BOY HIT BY AUTO—Jack Coffey, 13, of 1076 Frances street, was badly cut about the head when he was struck by an auto at the corner of Quebec and Dundas streets, at 8:45 o'clock on Tuesday morning, while he was on his way to school. After Dr. F. R. Clegg dressed his wounds he was taken home by the driver of the auto which struck him. It is thought that he did not notice the car just prior to being knocked to the ground.

TO PLAN EXTENSIVE SCHOOL BUILDING PROGRAM FOR CITY

No. 2 Committee Takes First Steps to Consider School Problem.

First steps toward getting under way an extensive school building program were taken by No. 2 committee of the board of education Tuesday afternoon. On motion of Trustees Edwin Smith and T. Coleridge the committee will consider the whole question and will make a tour of inspection in the districts where relief is most needed. The appointment of an architect, to give the whole time or part time, to board of education work will also be considered.

No action was taken on a request from school janitors for increased wages. Trustee Coleridge thought the whole matter of increased salaries for teachers and other employees of the board should be taken up at a special meeting.

MEANS OF DEPORTING ALIENS IS DEFECTIVE, SAYS SIR W. MULOCK

Tells Stratford Jury They Are Tried in Star Chamber Sessions.

STRATFORD, Oct. 14.—Sir William Mulock, chief justice of the exchequer, on the act of living question, and declared that the only way to combat it was for persons to wear their old clothes a little longer and refuse to buy at the high prices. The country was living in a state of intoxicating prosperity, and the sooner it got back to normal the better.

The only criminal case was a charge of rape against A. Sullivan.

Two cases against the city for damages were adjourned until the next week. On the road between Conestogo and St. Jacobs a motor car, going at an excessive rate of speed, left the road, turning a double somersault and landing against a fence twenty feet away. Men working in an adjacent field rushed to the scene, expecting to pick up the dead bodies of the victims, but two couples crawled from beneath curtains, none of the worse for their adventure. They refused to give their names.

The first case to go for trial was that of W. B. Ingram versus T. Elliot and H. Hamilton, all of Wellington County, to recover \$1,000 for damages in connection with the sale of land, also either purchase price or possession of the land.

THROUGH FENCES.

To have driven an auto through two wire fences in good repair and through two plowed fields is the achievement credited to Fred Baxter of Kirkton by the local police. Taylor appeared in police court this morning charged with driving an automobile while in an intoxicated condition, and was fined \$50 and costs.

CUSTOMS ELECTION.

At a meeting here of Customs officials from Western Ontario, the following were elected: President, A. Porter, Goderich; vice-president, John Wiseman, Clinton; secretary-treasurer, F. G. Nelson, Searthur; executive, D. R. McPherson and B. Flaherty, Stratford; A. C. Wood, St. Marys; J. Blower, Mitchell; auditor, James Stewart and James Torrance, Stratford.

Another mass meeting in the interests of W. A. Amos, U. F. O.-Labor candidate, was held this evening.
