# **BELIEVES BODY**

French Singer Sends Word-**Toronto Police Most** Skeptical.

REPORTED IDENTIFIED

Letter To New York Man Says Remains Were Discovered in Morgue.

TORONTO, Aug. 12.-The Toronto Telegram this afternoon says: The body of Ambrose J. Small has been discovered and identified in the mergue at Paris by Monsieur Louis P. Verande, a French impressario, who had been introduced to Small in Toronto by Mr. Edwards of the Trans-Canada

Theatres.

This information is contained in a letter received by a New York friend of the singer's, and by him conveyed to Montreal La Presse.

At a late hour today the committee in charge of the Small estate here had had no word of the discovery. Mrs. Small was informed as soon as possible, and will use every means available to test the reliability of the report.

Small was a Toronto theatrical mil-lionaire, who has been missing since November last.

POLICE SKEPTICAL.
TORONTO, Aug. 12.—The Toronto police authorities are definitely and emphatically skeptical with regard to the report that Ambrose Small's body has been identified in the morgue at Paris. Detective Mitchell, who has been in charge of the case from the outset, points out that the disappearance of the Toronto theatrical magnate has been given the widest possible publicity. Descriptive circulars have been sent all over the world, and it is most improbable that the chance of the body in the Paris morgue being that of Small would have escaped the attention of the police of that city.
