> STUART STRATHY, General Manager. Toronto, 31st December, 1908.

The General Manager, having read the foregoing report, made the following comments

From the statement submitted, it will be observed that the results of the year's operations have been satisfactory, notwithstanding the severe financial disturbance, which was felt, more or less, throughout the world during the period under review. The wave of depression is apparently lifting, and we face another year with good prospects of a general return to normal conditions in several lines of business. A brief consideration of the yearly statement will readily show how successful the Bank's business has been during the past year. The net profits, after making allowance for all probable contingencies, and crediting interest to all interest-bearing accounts, amount to \$500,217.60. Adding to this the balance carried forward from Profit and Loss the previous year, with one or two small additional items, makes the sum of \$525,631,99, which was available for distribution. This amount was apportioned to pay four quarterly dividends at the rate of seven per cent, per annum; amounting to \$304,699.50. \$20,000 has been written off Bank Premises and Furniture Accounts, and \$10,000 has been written off Bank Premises tee and Pension Fund, leaving the substantial sum of \$190,982.49 to be carried forward at the credit of Profit and Loss new account. From the statement submitted, it will be observed that the results of the

The paid-up Capital Stock of the Bank amounts to ..... \$4,353,592.

The total deposits of the Bank now amount to over, ..... \$25,000,000.

The total deposits of the Bank now amount to over,..... \$25,000,000. Of this sum over \$4,000,000 is non-interest-bearing, and the total deposits of the Bank have increased \$2,000,000 during the year. The assets, which are immediately available, amount to over nine millions of dollars, being about thirty per cent. of the liabilities to the public, a con-dition which places the Bank in a very strong position. Attention should be called to the excellent character generally of the as-sets of the Lenk, as set forth in the statement. During the year seven new Branches were conend and two were closed

During the year, seven new Branches were opened and two were closed, making a total of eighty-one Branches open at the end of the year. The Bank continued, throughout the year, to increase both in volume and : character of its business. It is interesting to note its growth by comparison with the figures of ten years ago :

The general depression of a year ago has resulted in a contraction of busi-ness throughout the Country. Now, that it would appear that the period of depression is passing away, and provided the incoming year is a prosperous one, it is natural to infer that more activity in commercial lines will ensue, followed by a more active demand for money. We find again this year, a considerably larger acreage will be ready for early seeding in the Northwest, consequent upon the continued flow into those lands of a most desirable class of settlers, principally from the Country to the South of us, the effect of which must benefit this Country at large. The greatly increased transportation faof settlers, principally from the Country to the South of us, the effect of which must benefit this Country at large. The greatly increased transportation fa-cilities will also prove an important factor, not alone in the temporary large expenditure, which continues to be made on this account, but by this very large extension of our Railway System, making it possible to bring to the Seaboard the steadily increasing crops of our great Northwest, with the least possible delay. We have established several important Branches in this field, and, as the Country develops, extension in this direction, no doubt, will meet with your approval.

and, as the Country develops, extension in this direction, no doubt, will meet with your approval.
Before concluding, I wish to express my appreciation of the cordial cooperation of all the officials of the Bank in the work of the year. All the books and documents of the Bank have been carefully examined, and the affairs of all the Branches have been looked into, and reported upon in a manner permitting the Board to deal intelligently with all the assets of the Bank. Mr. C. D. Warren, President, in moving the adoption of the Report, said: I have much pleasure in moving the adoption of the Report which has been presented. The Management and shareholders may well congratulate themselves on the result of the year's business. The Report affords strong in the general volume of business. The period of prosperity which Canada ful expansion on the part of many capitalists and business men, and the resources of all financial institutions were taxed to the limit of their capacity bringing about conditions that caused a restriction of all financial enterprises, thereby resulting in a withdrawal of capital from business undertakings and age return of profits. Last year was, therefore, not to be regarded as one favorable to prostitable financial operation, but the results have nevertheless.

A growing country like Canada, with unbounded resources, naturally has A growing country like Canada, with unbounded resources, naturally has great power of recuperation. Trade depression consequently affected Canada less than almost any other country, and as a result, commercial and manu-facturing interests are rapidly recovering from the embarrassment which re-tarded their progress for the past twelve months. The probability is that in the immediate future, the limit of the available resources of our financial

We hope that before long, the result of the careful attention and efforts of your Directors and the management may reach the Shareholders in a substantial and gratifying manner. I move that the Report be adopted. The Vice-President, Hon. J. R. Stratton, seconded the motion and said: The ground has been president; but I can at least re-echo the congratulations and repeat the expression of pleasure which the report warrants. I have personal knowledge that the directors have all devoted themselves faithfully to the service of the Bank during their tenure of office. This was to be expected from their high standing, high sense of duty, and ability. Besides, they are among the largest holders of stock, and are, therefore, the most directly and largely interested. Any indifferent or perfunctory performance of service or the Bank are so directly and personally interested, there exists a guarantee of careful and effective administration. The Bank has more than 1,800 shareholders, many of whom are prominently associated with important and industrial enterprises. The character of these shareholders, associated with the rapid increase of the paid-up capital of the Bank, tostifies to the confidence which its stability, and excellent management inspire.
The business of the Bank is expanding in every direction; and it is the aim of the directors to keep the Traders Bank abreast of the great progress this Dominion is making. Of this, its past is a guarantee, which the year jurclosed strengthens. To see gratifying results achieved, to see business and profits asitisfactory, to see securities strengthened, and assets increased, in the face of conditions such as have prevailed during the greater part of the year, seem to be indications of good and efficient management. A financial institution which comes/so creditably through a difficult year, can, with improved conditions in every important national interest, reasonably anticipate a prosperior of the seare prevailed during the greater part of the year jurche a

perous future.

It affords me great pleasure to second the motion for the adoption of the report.

report. The motion for the adoption of the report was carried unanimously. Moved by Mr. R. M. Gilkison, seconded by Mr. Geo. Watson, 452 the thanks of the shareholders are due, and are hereby tendered, to the President. Vice-President and (Directors of the Bank for their attention to the interests of the Bank during the past year.—Carried. Moved by the Hon. J. R. Stratton, seconded by Mr. E. F. B. Johnston, that the thanks of the Directors and Shareholders are due, and are hereby tendered, to the General Manager, the Assistant Geneal Manager, and the staff of the Bank, for their diligent attention to the interests of the Bank during the mast year.—Carried

stan of the Bank, for their unigent attention to the intertain a during the past year.—Carried. Moved by Mr. Alex. Stewart, seconded by Mr. Jas. E. Brown, that the ballot be now open for the election of Directors, and to be kept open until three o'clock, unless five minutes elapse without a vote being cast, when it shall be closed, and until that time, and for that purpose, only this meeting

ontinued.—Carried. Moved by Mr. Thos, R. Parker, seconded by Mr. J. B. Fairgrieve, that the Warren, Hon. J. R. Stratton, C. Kloepfer, W. J. Sheppard, C. S. Wilcox, E. B. Johnston, H. S. Stratton, C. Kloepfer, W. J. Sheppard, C. S. Wilcox, E. E. Galley, J. K. Niven, Scrutineers.

E. Galley, J. A. Hiven, Scrutineers. The Scrutineers reported the following gentlemen duly elected to act as Directors for the ensuing year, viz:—C. D. Warren, Hon. J. R. Stratton, C. Kloepfer (Guelph), W. J. Sheppard (Waubaushene), C. S. Wilcox (Hamilton), E. F. B. Johnston, K.C., H. S. Strathy.

The meeting then adjourned. At a subsequent meeting of the newly-elected Directors, Mr. C. D. Warren was re-elected President, and Hon. J. R. Stratfon Vice-President by a unanimous vote.

STUART STRATHY. General Manager. The Traders Bank of Canada, Toronto, 26th January, 1909.

ata to be sou

TOO TRADITIONAL THE NEW FRENCH REMEDY. Prof. Eakin Laments Extreme Con servatism of Good People.

The first of a series of lectures on the Bible was given at the Y.M.C.A. parlors last night. The speaker was Prof. Eakin of Toronto University. Prof. Eakin advocated the historical method.

He lamented the fact that good religious people cling so tenaciously to traditional ideas with regard to the Bible when they forsake them in every other realm of study. True conserv tism is that which retains the old up old until the new demonstrates itself, but it is a lamentable fact that good people have tended to overstep the limits of conservatism.

The lecture was the first of a course of four. One month later Rev. George Jackson, B.A., of Sherbourne-street Methodist Church will speak on "The Methodist Church will speak on "The Historical Trustworthiness of the Old Testament." The third is to be in March by Prof. J. E. McFadyen., M.A., of Knox College, on "The Social Teach-ing of the Old Testament." The last lecture of the course will be delivered by Rev E. Crummy, D.D., of Bathurst-street Methodist Church on "The Work of the Prophet as Ullystreted by "The Work of the Prophet, as Illustrated by Amos.'

Amos." These lectures will be a rare treat, all being free and open to men.
