BANKING REFORM STRONGLY URGED

(Continued from Page 1).

regulation and control by the people and with this object in view, be it resolved that:

(1) The banking system of Canada should be placed under the control and regulation of a banking commission, invested with plenary powers in all matters relating to banking, currency, coinage and credits, and, in particular, power to regulate and control:

(a) The issue of public currency; (b) The coinage of gold and silver; (c) The purchase of bullion produced in Canada; (d) The amount of call money loaned outside of Canada; (e) Interlocking directorates; (f) The supervision of credits; (g) The capitalization of banks; (h) The payment of dividends; (i) The management of subsidiary trust and money lending concerns to banks; (j) And generally, all such matters as are necessarily incident to the supervision and control of banking and currency.

(2) Be it further resolved: In connection therewith, there should be organized a national bank of Canada, as a central reserve institution, upon whose board of governors should sit, among others, the members of said banking commission, the object of said national bank to include, among other objects, the primary responsibility of maintaining and mobilizing the gold and silver reserves of the nation and the ownership and control of the issues of public and national currency.

Oppose C. N. R. Purchase.
A resolution condemning the proposed purchase of 60 per cent of the capital stock of the Canadian Northern Railway Company so as to acquire national control was next reported from the committee on resolutions, and was presented to the convention by Mr. Downey, of Vancouver. After a brief discussion it was referred back to the committee.

Another resolution, unanimously adopted called upon parliament to extend the present war tax on excessive profits until after the conclusion of the war.

Demand Tariff Changes.
The tariff resolution was next presented and adopted after one or two amendments. It provides for increasing the British preference to 30 per cent, and calls for a radical reduction of tariff duties and placing of many necessities on the free list. British Columbia members objected to fruit going on the free list, and also desired a tariff against rough and partly dressed lumber. The convention, however, was in no mood for compromise, and the following resolution constituting the fiscal plank of the platform was then adopted by a practically unanimous vote. It reads as follows:

1. That the British preference be increased to 30 per cent of the general tariff with a view to ultimate free trade with England.

2. That wheat, wheat flour, and other products of wheat be placed upon the free list.

3. That the following articles be placed upon the free list: (1) Farm implements and machinery with repairs for same; (2) Farm tractors and internal combustion

THE WEATHER

Observatory, Toronto, Aug. 8.—Since last night showers have occurred throughout Ontario and Quebec, while in the western provinces the weather has been fair and cool.

Minimum and maximum temperatures: Vancouver, 50-74; Kamloops, 49-78; Calgary, 34-64; Medicine Hat, 44-70; Edmonton, 24-61; Banff, 44-68; Prince Albert, 42-64; Moose Jaw, 46-65; Regina, 44-65; Winnipeg, 52-68; Port Arthur, 50-70; Sarnia, 51-75; London, 52-64; Toronto, 58-82; Kingston, 58-73; Ottawa, 60-80; Montreal, 54-74; Quebec, 56-73; St. John, 52-71; Halifax, 54-80; Saskatoon, 48-70; Dawson, 40-82.

—Probabilities—
Lower lakes, Georgian Bay, Ottawa valley and upper St. Lawrence.—Fresh west to northwest winds; fair and a little cooler.

Lower St. Lawrence.—Fresh west to northwest winds; a few local showers at first, but mainly fair, stationary or lower temperature.

Gulf and north shore.—Fresh to strong southwest and west winds; showers in many places.

Maritime.—Fresh southwest winds; partly fair, but showers in many places.

Superior.—Fresh northwest winds; fair and clear.

Manitoba, Saskatchewan and Alberta.—Fair and a little warmer.

STREET CAR DELAYS

Wednesday, Aug. 8, 1917.
King cars delayed 5 minutes at 10:07 a.m. at G.T.R. crossing by train.
Bathurst cars delayed 7 minutes at 6:07 a.m. at Front and John, by train.
In addition to the above there were several delays of less than 5 minutes each, due to various causes.

DEATHS.

WAGSTAFF—At the residence, 650 Broadview avenue, on Wednesday, Aug. 8, Mrs. Mary Wagstaff, beloved wife of David Wagstaff, age 69 years.
Funeral Saturday, Aug. 10, at 2 o'clock, interment at St. John's Cemetery, Norway. (Motors.)

engines with repairs for same; (3) Mining, four, saving, and logging machinery with repairs for same; (4) rough and partly dressed lumber; (5) illuminating, lubricating and fuel oils; (6) Cement; (7) Fertilizers; (8) Fishing lines, cordage, swivels and metals for fishing spoons; (9) Fruit, fruit, stave, food and food products (other than wheat flour), domestic animals and food therefor, including oats, barley and flax; (10) all other goods, wares and articles imported into Canada free of duty when coming from and being a product of any country; (11) articles imported into Canada free of duty.

6. That substantial reductions be made in the general tariff on all articles imported into Canada, excepting luxuries.

Another resolution reported from the committee, and adopted by the convention calls upon the government to prohibit the manufacture, importation and sale of white bread during the war, and to authorize the government to adopt a resolution calling for nationalization of cold storage warehouses and for the institution of a federal court and federal prosecutor to enforce the laws against hoarding and restraint of trade, and the presentation by Rev. Dr. S. G. Bladd of a memorial calling for a federal land tax.

The resolution passed dealing with cold storage says:

Resolved that as the private ownership of cold storage facilities for foodstuffs tends to result in an extortionate manipulation of food prices, thereby greatly increasing the cost of living in Canada, and as producers of foodstuffs by reason of such private ownership are usually absolutely at the mercy of the food manipulators, we believe that the state should own and operate cold storage plants throughout the Dominion.

Harper, customs broker, 39 West Wellington st., corner Bay St.

POLICEMAN IRONSIDES IS AGAIN PROMOTED

Ex-Member of Toronto From Now Holds the Rank of Captain and Quartermaster.

Word has been received at police headquarters that ex-Policeman Ironsides, formerly attached to Court street division, has been promoted to a position in the 20th Battalion with which unit he left Canada some time ago. Capt. Ironsides was a South African veteran, and greatly esteemed by the officers and men of number one division. He enlisted as a private in the 20th Battalion, and was speedily promoted to the rank of sergeant-major. He later went over to France with the rank of quartermaster-sergeant. For bravery on the field he was later promoted to lieutenant, then to his present rank of captain and quartermaster.

No More Indigestion

Such Remarkable Results Obtained By Users of Magnesia Neutrate That Makers Now Guarantee Satisfaction or Money Back

Soon we may hear no more of indigestion, dyspepsia, heartburn, flatulency, wind or similar troubles, for truly wonderful results are being obtained from the use of a simple, safe, and effective remedy known as magnesia neutrate. Many remarkable reports have already been received and it is regarded as a new era in the treatment of indigestion. The old unsatisfactory methods of treatment, such as dieting and drugs, will become obsolete for when we use merely alleviate the symptoms, magnesia neutrate removes the cause of all the trouble. That is to say, it neutralizes the harmful acid which is the cause of indigestion, stops the food fermenting, dispels wind, and soothes and heals the inflamed stomach lining. To accom-

NEW RECTOR APPOINTED.

Rev. Charles Carpenter, formerly rector of Campbellville, has been appointed assistant at St. Clement's Anglican Church, North Toronto, and will assume his duties at Bedford Park Mission early in September.

DEPOT BATTALION FOR INFANTRYMEN

LT.-COL. J. I. McLaren Will Command Two-Thousand Man Unit.

SELECTING O.T.C. DRAFT

All Royal Flying Corps Aviators and Mechanics Going to Texas.

Formation of the new central depot infantry battalion will begin today. The new unit will have an establishment of 2,000 men and will absorb all C.E.F. infantry recruits enrolled in Toronto Military District. The battalion, which is centred at Camp Borden, will be commanded by Lt.-Col. J. I. McLaren, now brigadier of the 3rd Brigade at Camp Borden. He went overseas and saw active service as commander of the 19th Toronto and Hamilton Battalion, C.E.F., Lt.-Col. R. H. Belton, former commander of the 1st Toronto and St. Catharines Battalion, who was killed in action in France while an officer of the 4th Battalion, will be second in command of the new central depot battalion, which is being formed at Camp Borden. Major Rogers, commander of the infantry training depot at Camp Borden and Capt. R. V. Conover, former officer in charge of bayonet fighting and physical training instruction in Toronto district, will also be officers of the depot regiment.

Two weeks from now the Canadian defence force staffs, established in connection with the reserve battalions of the militia regiments, are to be discontinued. An order reached the Toronto mobilization centre yesterday directing that all the Toronto militia units were to send their overseas men now in training to Camp Borden at once for attachment to the depot battalion.

Sixty-two recruits for active military service yesterday. Of the 26 enrolled for immediate duty, nine were from the British recruiting mission depots in the United States. The American recruits were credited to C.E.F. units as follows: York and Simcoe Forestry Draft, 3; Royal Grenadiers and Canadian Engineers, each 2; Queen's Own Rifles and Army Medical Corps, each one; and the 1st Canadian Mounted Rifles, Army Medical Corps, each two; 110th Irish Regiment, 48th Highlanders, Royal Canadian Dragoons, C.O.T.C., and Dental Corps, each one.

The Royal Flying Corps signed up 20 more recruits yesterday. Every man offering for service with the R.F.C. was accepted.

A draft of 40 more members of the Canadian Officers' Training Corps, Toronto University, is being selected for service overseas. Lt.-Col. W. R. Lang, of the headquarters staff, Camp Borden, has been in Toronto choosing a preliminary list of candidates, and has already selected 30 men. Those selected will have to be finally approved by Major-General Gwatkin, chief of the general staff, Ottawa, who will visit Toronto for this purpose.

To Command Aviation Camps.

Col. E. A. Wanklyn has been appointed commander of the Royal Flying Corps aviation camps at Leaside and Armour Heights.

There are now 1,000 Canadian flight cadets, about 300 cadets from the United States, and 200 from the United Kingdom, connected with the training camps of the Royal Flying Corps within a radius of about 100 miles of Toronto. This fall the Canadian and United States aviators, the 8,000 mechanics will go to the American aviation grounds in Texas for training during the winter months.

Arrangements are being made for a demonstration of the care with which the R.F.C. airplanes are built. The airplanes for the Texas camp will be all the Canadian Aeroplanes, Limited, which will keep the factory working full time all thru the winter.

Major W. C. Noble will today become commander of the North Toronto Military Hospital, succeeding Major W. Knowles, who is to be given several weeks' sick leave. Major Knowles, who served overseas with a western battalion, in 1915 he was appointed a captain in the 52nd Prince Albert Volunteers.

W. R. Gill of Toronto is reported to be under arrest at New York City for posing as a returned wounded officer. He was arrested in Chicago by order of Capt. Alex. Sinclair, Toronto military provost marshal. It was while the 48th Highlanders were on one of their marches in that city Gill drew attention to himself by failing to salute the colors, and being questioned by Capt. Sinclair gave unsatisfactory answers. He was wearing a D.C.M. ribbon. It is charged that he defrauded hotelkeepers and tradesmen in the United States. He is alleged to have paid a hotel bill of over \$200 with a worthless cheque.

Soldiers at Unionville.

Several hundred returned soldiers receiving treatment at the Spadina, College street and North Toronto military hospitals were the guests of the citizens of Unionville yesterday. The war heroes were taken from Toronto to Unionville and back in motor cars, supplied thru the courtesy of the Ford Motor Car Company.

Lt. C. Noble has received appointment as assistant vocational officer of the Soldiers' Aid Commission of Ontario. He succeeds Capt. L. R. Ross, Lt. Noble was formerly of the Royal Flying Corps, sustained serious injuries while flying in England, falling from a height of 800 feet.

Lt. G. H. McKee, a fractured ankle as the result of a 200-foot fall at Camp Borden and is now in the base hospital, East Gerrard street, was discharged from the hospital after recovery from injuries to his head, received in another accident.

Escaped Operation For Piles

THESE are the kind of letters we are receiving almost daily in regard to Dr. Chase's Ointment as a cure for Piles. Surgical operations are usually quite unnecessary, and in some cases Dr. Chase's Ointment has effected cure after operations had failed.

Mr. Samuel Parker, Fruit-grower, Grimsby, Ont., has made the following declaration before Mr. W. W. Kidd, Notary Public of the same place:—"I do solemnly declare that I was troubled with bleeding Piles, and was advised to go to the hospital to have an operation performed. My wife said 'No; get a box of Dr. Chase's Ointment.' I did so, and have used it according to directions while living in Manitoba, and obtained a complete cure, for I have never been troubled with Piles since. I am now seventy years of age, and want to recommend Dr. Chase's Ointment to all sufferers from Piles."

Mr. T. Pierce, Oak Bay, Charlotte County, N.B., writes:—"About five years ago I had a very severe attack of Piles. In fact, I had suffered from them for years, but never had so bad an attack as this one. I was obliged to remain in bed and have to go to the hospital and be operated on, as they were so bad that nothing else would cure them but an operation. At this time I heard that Dr. Chase's Ointment was a good treatment for Piles, and began to use it. I persisted in its use until cured, and know that it saved me from a surgical operation."

This statement is vouched for by Rev. Thos. Pierce, Methodist minister, Oak Bay, N.B.

VETERINARY SURGEONS IN ANNUAL CONVENTION

Will Appeal to Provincial Government for Protection From Unqualified Practitioners.

The Ontario Veterinary Association opened its 43rd annual meeting in the Veterinary College, University of Toronto, yesterday, with 75 members present from all parts of the province, the largest attendance in the history of the organization. The meeting convened in the afternoon and the several clinics on horses and other domesticated animals formed the preliminary business.

In the evening an interesting discussion on the question of legislative protection for veterinary surgeons was opened. The members felt that in Ontario this profession receives the least protection of any province from the unqualified quack, and a determined effort will be put forth in urging the provincial government to take action in furthering the welfare of the profession. The members advocated that efforts should be put forth to encourage young men to enter the profession, particularly since the course of instruction has been extended from three to four years. A special committee was appointed which will draft an action it is desired that the government pursue. Members participating in the discussion were: Dr. W. L. Williams, Cornell University, who is recognized on this continent as an authority on the diseases of breeding cattle; Dr. W. J. R. Fowler and others.

An instructive feature of the evening program was the lecture on catarrh of the bladder, given by Dr. W. L. Williams, of Cornell University, who is recognized on this continent as an authority on the diseases of breeding cattle; Dr. W. J. R. Fowler and others.

GRAND SIRE TALKS TO ONTARIO L.O.O.F.

Hon. F. C. Goudy of Denver Inspires Grand Lodge Members.

ENGLISH RACE UNITED

Will Fight Until Kaiser is Driven Into the Sea.

"I trust that with your country and my country and Great Britain and France bearing the brunt of this war, peace will come, but not until Prussian autocracy is wiped out once and forever," said Hon. F. C. Goudy, of Denver, Col., grand sire of the Sovereign Grand Lodge of the Independent Order of Oddfellows, last night at the annual session of the grand lodge now being held in Toronto.

In reply to the address which was presented to him on behalf of the Ontario lodges of the order by Walter P. Goodman, D.D.M., the sire of the order delivered an inspiring address, in which he said that next to his faith in the Creator was his faith in the high destiny of the great English-speaking race. He rejoiced to think that Canada had declared in favor of liberty and freedom against the autocracy of Prussia, and from a country of less than eight million had trained, armed and equipped over 440,000 of its brave men as ever marshes they to war's inspiring and dreadful music.

As a citizen of the United States the grand sire apologized for the States not entering the war sooner. Without Canadian bravery and the British navy the shores of the republic would have been invaded long ago. Now the people of the States were awake, at least awakening. The sinking of the Lusitania, Americans thought, would have been followed by a declaration of war but the president bowed many into the dust of humility by expecting that the power that had invaded Belgium and Serbia would respect the States. At last, however, the Kaiser had been informed that the States were the highway of the world and it was not for the German Emperor or anyone else to say, "You cannot travel here."

"The American people are with you to the bitter end come what may," said the grand sire. Like all democrats they are for a moving picture, he expected to see, within a year, a million Americans fighting side by side with the brave Canadians for the freedom of the nation.

The English-speaking race would fight until the Kaiser was driven into the sea or put where your forefathers and mine put Napoleon. Mr. Goudy said he spoke not as a citizen of one country to those of another, but as one of the same country. The imaginary line at the border was indeed an imaginary one.

Mayor Church in welcoming the delegates, included among one hundred from the United States, said he was proud of the order, which had sent over 4,000 men overseas, and of the grand sire, who pays all the dues of these men. Since the war this has meant over \$37,000. In peace times the order stood for the home, the loved ones, the orphans, and had won a respected place in the city. He welcomed the grand sire and the American delegates. "You are our own people and blood is thicker than water. The two countries have just celebrated a century of peace, and there will never be any trouble between us, as we both stand for the same things," said the mayor.

Ex-Mayor Joseph Oliver presided at the meeting and in his opening remarks, "The United States have decided that so long as they have a man and a dollar they are in the war to the finish."

Over 500 representatives were present in the large gathering that visited the Oddfellows Orphanage yesterday afternoon. This event was a feature of the annual convention.

In the Rebekah assembly over 124 representatives were present. It was a gala day for the whole lodge. Two special street cars and a large array of automobiles carried the visitors to the home where a public welcome was given to the grand sire of the Sovereign Grand Lodge, Frank Goudy, of Denver, Colorado.

In addressing the members of the order, Brother Goudy said he had travelled in many states and visited many homes, and he believed that any man that he had never seen a more beautifully situated orphanage or a better building than that maintained by the Ontario order.

Fast Grand Sire Campbell addressed words of encouragement to all fellow members in the good work being done thruout the province.

At the Rebekah assembly yesterday morning, the annual election of officers took place. Several presentations were made to those retiring, and a gift of a gold wristlet watch to the incoming president from members of her home lodge. Following is a list of officers for the coming year: President, Mrs. Swartman, Wausau, Wis.; vice-president, Mrs. Thompson, Toronto; warden, Mrs. Middleton; secretary, Miss Violet Pearce, Toronto; treasurer, Mrs. Dodson, Chatham.

Mayor Church left for Ottawa last night to watch the progress of the Toronto and Niagara power bill in the senate.

A special council meeting will likely be held at an early date to consider the coal situation and to make provision for a winter supply.

The works commissioner states that he does not see why any money should be spent to repair Weston road and St. Clair avenue, as they were in a better condition than they are a year ago.

In response to a request of Rosedale residents the board of control has agreed to the removal of the old fence and grandstand at the

action has been entered at Orkwood Hall by The Lorrain Consolidated Gold Mines, Limited, against Mark Harris Co. and Irving J. Ibbett to recover the \$12,000 balance alleged to be due on the purchase of stock of a par value of \$50,000.

City Solicitor Johnson has informed the board of control that the vote by the city council of \$25,000 for three aeroplanes for the imperial government does not regard aviation as a branch of the military service.
