

R E P O R T .

In the good providence of God, your Committee are enabled with renewed expressions of thankfulness to the Great Head of the Church, who disposeth the hearts of his members, to give of their substance to the extension of his kingdom, and the promotion of his glory, to lay before you the report of the proceedings and operations of your Society for the past year.

Your Committee are enabled to report favourably as to the state of your funds, and would refer to the following returns from the different stations in the Island in proof that the Society has not ceased to interest its subscribers and friends, and has not lost ground in public estimation.

CHARLOTTETOWN.—A renewed effort has been made to add to the subscription list opened last year in aid of the erection of a Parsonage, which has reached the sum of £203 4s., including a grant of £10 made this year by the Ladies' Branch. About 80 volumes have been added to the Library, which makes the present number on the catalogue amount to 788, the reading of which is open to all who subscribe the moderate sum of five shillings per annum. The Sacramental and other collections, for Missionary and Church purposes, are not behind those of former years.

Your Committee still regret that the £10 which was wanting last year to complete the Parish half certificate in aid of Windsor College has not yet been made up.

Contributions made to the Society, including those received from the Ladies' Branch, and the Bishop's subscription, together with a collection made in the Parish Church after the annual sermon, amount to £53 14s 6d

ST. ELEANOR'S.—Your Committee have voted the sum of £15 towards paying off the debt on the Parsonage
