

THE PAIN-KILLER,

A FAMILY MEDICINE.

There are but few unacquainted with the merit of the PAIN-KILLER; but while some extol it as a liniment, they know but little of its power in easing pain when taken internally; while others use it internally with great success, but are equally ignorant of its healing virtues when applied externally.

You may ask with surprise: "What! am I to take internally the same preparation I use as a liniment?"—"Why not?" we ask. "Is it necessary that a liniment should be poisonous?" That many of those in common use are, we admit; but the PAIN-KILLER is a purely vegetable medicine, and contains no poisonous ingredient. And, although it is used internally, it is, nevertheless, one of the most powerful and best liniments in the world.

No family should be without the PAIN-KILLER. It can be given to the infant for the colic, and to the adult for Rheumatism. It contains no deleterious drug, and may be used for the various ailments of mankind.

Mothers will find the PAIN-KILLER invaluable in the nursery; and it should always be kept near at hand in case of accident.

FROM THE ST. JOHNS' NEWS.—The innumerable testimonials borne to the efficacy of this valuable medicine are sufficient to warrant its introduction into every house. Our own opinion is, that no family should be without a bottle of it for a single hour. In flesh wounds, aches, pains, sores, etc., it is the most effectual remedy we know of. A bottle will last for a very long time; and its low price places it within the reach of all. Our readers will remember that the Messrs. Davis have opened a house in Montreal, whence Canadian wholesale orders are supplied.

FROM THE BOSTON TRAVELLER.—Perry Davis' PAIN-KILLER is really a valuable medicament, and, unlike most of the articles of the day, is used by many physicians. It is particularly desirable in locations where physicians are not near; and by keeping it at hand, families will often save the necessity of sending out at midnight for a doctor. A bottle should be kept in every house.

The Oregon "CHRISTIAN MESSENGER" says, "We have been using the 'PAIN-KILLER' for more than twenty years, and we know from experience that it is a good remedy. When engaged in protracted preaching, we have used it for the throat with the best results. The world-wide reputation it has gained cannot be wholly due to *advertising*; there must be real merit in the medicine."

MRS. CHEYNE, Woodside, Aberdeen, Eng., writes, "Having used your PAIN-KILLER in my own family, and been intimately acquainted with its extensive use in Australia for thirteen years, witnessing in numerous instances the marvellous power it has over disease, I was led on my return to advise its use among my neighbors and friends; and I am happy to say it is now extensively used here, and giving entire satisfaction. Colds, coughs, neuralgia, rheumatism, toothache, and many other pains, are almost instantly relieved and ultimately cured by it."

Beware of counterfeits and worthless imitations; call for PERRY DAVIS' VEGETABLE PAIN-KILLER, and take no other.

Sold by all Druggists and Grocers.
