AT 90, KNITS FOR SOLDIERS

Mrs. G. C. Vanwart, of Fredericton, regent of the Provincial Chapter of the Imperial Order of the Daughters of the Empire, last week received from Mrs. George Jordan, of Lower Queensbury, a pair of finely fashioned socks which she had knitted and which she requested to be forwarded to one of New Brunswick's volunteers on active service. Mrs. Jordan, who is 90 years old, wrote that she felt she must do all she could for the soldier boys and that she hoped to live long enough to see them come home from the war with honors and victori-

Why Drag Through Life Wearing Worthless Trusses

90 per cent. of the Suffering and Troubled People Go Through is Caused By Spring and Leg-Strap Trusses

Are't you sick and tired of wearing trusses you can't make hold, which you can't feel safe in, or which hurt so they scarcely give you a minute's peace? Don't you know that such contraptions will sooner or later let your rupture get the best of you? Don't you know they are almost sure to cripple you up, so you won't be able to keep at work, won't be able to make a living?

Are't you afraid they'll gradually let you get so bad that sooner or later you'll have to face a dangerous operation? Aren't you willing to make a sixty-day test—without having to risk a cent—and see for yourself what a relief it is to get rid of such misery-causing makeshifts?

No More Belts, Leg-Straps or Springs We have found a way to hold any man's rupture without harmful pressure, without any belts or springs around your waist, without having to wear leg-straps. It is our guaranteed rupture holder. It is as big an improvement over elastic and spring trusses and so-called "appliance" as the modern locomotive is over the first steam engine ever built.

60 Days Trial to Prove It. We have so much faith in it—have seen what it has done for so many others—that we are willing to make one especially for your case and send it to you for sixty days' trial. Willing to give you plenty of time to see for yourself just how good it is.

If it doesn't keep your rupture from coming out on from bothering you in any way, then you can send it back and it won't cost you a single penny. It is the only thing we know of for rupture that you can get on long enough to make sure, because the only thing good enough to stand a long and thorough test.

All About It in Free Book. Don't send any money. Just write for our free book—cloth bound, 50 separate articles, 96 pages—and find out everything you want to know. It is full of facts never before put in print. It shows just why operation is nearly always a gamble with death and why those who manage to live through it often have to keep on wearing a truss. It exposes the fakes and humbugs—puts you on guard against being fooled and against throwing money away.

And it tells all about our guaranteed rupture holder—the famous Clute Automatic Massaging Truss. Shows how simple it is. Why it needs no belt or leg-straps. How it instantly and automatically protects you against every strain, so your rupture can't be forced out. How it provides the only way ever discovered for overcoming the weakness which is the real cause of rupture. How it has brought complete cure to thousands of cases that seemed almost hopeless. How it is water-proof and will hold in the bath. How you can get it on 60 days' trial and how little it costs if you keep it.

Explain the care and attention we give you and why, because of our long experience and thorough knowledge of rupture, we are successful in cases that would utterly baffle your local truss fitters. Write for the book today. That will take only a minute. But it may free you from trouble and worry for the rest of your life.
