BOYS REPORT ON UNIT GATHERINGS

A Word From District Scout-
master O. J. Lawson—Re-
quirements of Test

District Scoutmaster O. J. Lawson writes: "I am back on my job again inspecting troops. It is almost impossible to visit all troops, so if there is any troop that wishes a special visit from me, if the scoutmaster will notify me I shall be only too glad to pay that troop a visit. If any troop wishes to have a talk on snakes, lions, insects or any other animals or fishes I shall be very glad to give a talk provided that I have 48 hours notice. Regarding football this year, the Brindle cup now is in the possession of Sunrise Troop, No. 4 (Boys' Industrial Troop). If it is your intention to compete for this cup, please get in touch with headquarters and all information on this matter will be given by District Secretary W. E. Hoyt. Now is the time to apply. I sincerely wish you a good winter of Scouting and will endeavor to visit all the troops in the district before very long."

NOW BACK TO HEADQUARTERS

Well, Scouts and Cubs, here we are well away for another season of good scouting and cubbing, which promises to be as successful as last year if not more so. All Scouts and Cubs ought to be proud of the Rover Troop now getting under way at headquarters and it is something for every boy to look forward to. A boy can now start at the age of 8 years as a Cub and at the age of 12 he may become a Scout, at the age of 16, after being a Scout for four years, a boy can become a Rover scout, the Senior Scout, and the Scoutmaster. The Rover Troop is the Scout movement, where he may train to become a rovermaster or in time a scoutmaster. GOOD WINTER OUTLOOK

This winter scouting promises to be very active in Saint John. Every week more troops are opening up. Last week saw Trinity Troop and Pack off against for the season as well as the Young Judean Troop and St. George's Troop and Pack. The latter are in charge of Scoutmaster Stanley Oliver, a long experienced in scouting, and his services are much appreciated. Further progress is being made towards the mass council fire at East Saint John to be held sometime this week.

Her Hair Fairly SPARKLES Now!

The woman who knows what to do after waving her hair has the effect of hot irons. Nor of frequent washings. A few drops of Danderine—on comb or towel—and the hair is soft and lustrous, and behaves beautifully. A bit of Danderine rubbed lightly into the scalp, is the one sure way to dissolve every particle of dandruff. But few drops more mean a dressing that is simply marvelous. A sheen that rivals brilliancy, and no grease! Every drop of Danderine at 35c.

DO YOUR CHILDREN CROW FAST ENOUGH?

Are They Sturdy, Healthy and Strong, or Pale, Weak and Run Down?

Growing children need a great deal of food, and sometimes they will not eat the kind of food that they need for strength—then they become thin, pale, and run down. This condition of undernourishment can be corrected by taking Father John's Medicine which does contain just the food elements such children need, and that is why so many children gain weight regularly while they are taking this old fashioned family medicine. Father John's Medicine is an expertly blended preparation of cod liver oil with other ingredients in such a way that its food elements can be easily taken up by those who are weakened and run down. Your friends and neighbors know its value. Thousands of mothers depend upon it to keep their children well and strong.

IF BILIOUS, SICK OR CONSTIPATED TAKE "CASCARETS"

No headache, bad cold, sour stomach or costive bowels by morning

Get a 10-cent box now.

You're bilious! You have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile and not properly passed off, and what you need is a cleaning up inside. Don't content being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and bowels are cured by morning with gentle, thorough Cascarets—they work while you sleep. A 10-cent box from your druggist will keep your liver and bowels clear; stomach sweet, and your head clear for months. Children love to take Cascarets because they taste good and never gripe or sicken.

RHODES CHAFES AT DELAY OF PROBE REPORT

N. S. Premier Says Further
Holdup of Maritime Find-
ings Unjustifiable

HALIFAX, Oct. 8.—On his re-
turn to his office, following
an absence of several weeks,
Premier E. N. Rhodes, of Nova
Scotia, gave out the text of a
telegram he addressed today to
the Prime Minister of the Do-
minion, Rt. Hon. W. L. Mac-
kenzie King, protesting against
further delay in the publication
of the report of the Duncan
Commission on Maritime Rights.

The telegram was as follows:
"I observe with appreciation a press

despatch indicating that the report of
the Duncan Commission is to be withheld
from publication until Parliament
assembles. One highly important con-
sideration fully recognized by the commission
in the Maritime situation and
itself is the unsettled state of public
opinion within these provinces concern-
ing their well-being. Having this in
mind, no circumstances would be more
disturbing here than what I believe to
be the unjustifiable and unnecessary
withholding of this report. The release
of the report cannot alter its terms or
its provisions, neither should it effect
the attitude ultimately to be assumed
by the government and Parliament
of Canada.

RESPONSIBILITY ASSUMED.

"The government of Nova Scotia, as
did the governments of New Brun-
swick and Prince Edward Island, as-
sumed frankly the responsibility cast
upon it by your order-in-council con-
stituting the Duncan Commission and
presented its case before the commis-
sion in good faith and in the hope that
the government and the Parliament of
Canada would deal with the situation
in a broad spirit and with expedition.
It would be most unfortunate should
the public of the Maritime Provinces
and indeed of all Canada receive the
impression that there is any tendency
to temporize with this most important
matter. Furthermore as the parties
most vitally interested in the people of
the Maritime Provinces have the right

to peruse and study the report with
a view to its receiving their mature
judgment. I respectfully but strongly
urge upon you the importance of giv-
ing the findings of the commission
immediate publicity."

PASTORS, ORPHANS AND WIDOWS AIDED

TORONTO, Oct. 8.—The Methodist
superannuation fund distributed \$519,-
345 in benefits to ministers, orphans
and widows of ministers, last year, it

was reported at the annual meeting of
the fund's executive here today. Rev.
J. E. J. Millard, of London, Ont.,
presided. The claimants numbered
996.

Rev. G. M. Young, of St. Lawrence,
Rev. J. M. McConnell, of Amherst,
Rev. J. Fenwick, of Brandon, Man.,
and Rev. R. E. Finley, of Clive, Alta.,
were among those at the meeting.

A TIGHTWAD who joined the
church in recent years says he
was grossly deceived in one thing—
"Salvation is not free."

Both men prophesied the extension
of service to strata of society which
hitherto have lent slight ear to educa-
tional efforts of teachers and librarians.
Both were equally eager for culmina-
tion of international relations which
in the words of Mr. Belden would
soon see the compilation of a world
catalog of all existing books with their
location.

Provincial Rugby Football League Has Been Formed

THE formation of a New Brun-
swick rugby football league has
practically been completed and
will include the University of New
Brunswick, Mount Allison Univer-
sity, Moncton and Trojans, repre-
senting Saint John. The local
team wired their entry yesterday
and next Saturday's game here
against U. N. B. will probably be
the opener for the new organiza-
tion.

The withdrawal of Acadia from
college competition has left U. N.

B. and Mount A. in a peculiar po-
sition as far as an inter-collegiate
league is concerned and both teams
seem keen to enter provincial open
competition. The new league will
have immediate favor with Saint
John fans and will create more
interest than the regular exhibition
contests that have been arranged
for the past few years. It is quite
likely that each team will play
home and home games with each
of the other three, making a 12-
game schedule.

G. H. Locke Chosen President
of American Body at Atlan-
tic City

ATLANTIC CITY, N. J., Oct. 8.—
George Herbert Locke, librarian of the
Toronto Public Library, was chosen
president of the American Library As-
sociation, at the close of its 80th an-
nual meeting last night. He succeeds
Charles F. D. Belden, of Boston.

Concurrence of opinion as to the fu-
ture of library work, was the note in
the statements of retiring president
Charles F. D. Belden, and incoming
president to the American Library
conference.

Both men prophesied the extension
of service to strata of society which
hitherto have lent slight ear to educa-
