Get Selling Costs Down

How to reduce selling costs is one of the greatest problems of the day. It can and must be solved.

Business men are turning more and more to the economical selling service offered by the want ad pages of newspapers.

It has been found that the property selling for say, \$100,000, can often be disposed of quickly through a small classified advertisement which may have cost as little as \$1.

Such a selling cost is infinitesimal. Classified advertising is the greatest "bargain" before the business world today.

It costs nothing to investigate. Invite a classified advertising representative of The Times-Star to call at your place of business. Ask him to explain in detail the advantages of this amazingly economical selling service.
