

MAYOR ENLARGES ON THE MATTER OF TAX PAYMENTS

Discussing his proposal to add one-half of one per cent each month to the bills unpaid after the expiration of the discount period, Mayor Hayes this afternoon amplified his programme somewhat. It was suggested that a taxpayer who was even a month or less late in paying his taxes already was penalized by the loss of his five per cent discount and the municipal fees which were added to the bill and that the addition of the interest, increasing every month, would make the comparison even more unfavorable from the standpoint of the man who was not able to pay promptly. The mayor remarked this difference might be lessened by cutting down the amount of the discount. It was his own impression that those who paid promptly to save a five per cent discount would pay as promptly to save two per cent.

WEEKLY REPORTS ON EMPLOYMENT IN CANADA

Ottawa, Feb. 20.—Weekly returns as to employment conditions in Canada are being received by the department of labor from a representative number of Canadian employers. The results are summarized in a statement issued yesterday. It shows that for the week ended Feb. 1, reports were received from 881 establishments employing 59,515 persons. All provinces, except Quebec, were represented, though slightly more than forty-five per cent of the returns were from Ontario. The firms reporting anticipated for the week ended Feb. 8, a reduction of 89 in their staffs. This is slight, but it is slightly larger than the anticipated reduction of the previous week. If it should continue it would represent a considerable total for a full month. More than eighty per cent of the net loss, according to the statement, occurs in Ontario, where the mining industry expected to lay off 238 men. The winding up of shipbuilding contracts accounts for considerable decline in Nova Scotia. New Brunswick also shows a decline. The returns received do not include metal working trades and other industries less important have also not yet reported.

PROTEST AGAINST INDECENT DRESS

Members of Catholic Women's Federation Pledged to Restrain Tendency

(Montreal Gazette) "That each member of the Federation and affiliated groups pledge herself to use her personal influence among her friends and among designers and importers, with a view to restraining the tendency to indecency in evening dress." This resolution was passed at the first annual meeting of the Catholic Women's Federation, held yesterday afternoon at 818 Lagache street west. The delegates present were asked to present the resolution to their respective groups. This action was determined upon following a similar line of protest by the Federation of Women's Clubs, New York.

The housing movement now before the public was also discussed, and it was decided that delegates be sent to the meetings and data collected covering the condition of not fewer than 1,000 houses in the slum sections of the city and the unsatisfactory features reported to the authorities. Miss Barry told of some appalling conditions that had come under her notice while visiting in the homes of the poor during the influenza epidemic. On inquiry, she elicited the fact that one house had not been cleaned up for fifteen years and the place was so filthy that Miss Barry considered it unsafe to take away again the remainder of a large bed room, which was first brought into that particular house.

THE BRITISH SEAMAN SPEAKS

Carry food to Germany? What? Me? Listen, mate! The sea is red With the blood of comrades dead. Every night I see them there, Wringing in the searchlight's glare; Hear my pal with fear and hate— God my pal! They tied him, mate, To their U-boat's deck—then down, Down—and laughed to see him drown! Travel through that haunted sea To feed the swine of Germany? Not me! Not me!

Carry food to Germany? What? Me? Mate, I dare not sleep for fear Of the things I see and hear— Glassy eyes that stare and stare Through a woman's floating hair; Pleading hands held out to me, Drowning men that shout to me; Empty seas that moon and throb With a lonely baby's sob! Guide a ship through such a sea To feed the damned in Germany? Not me! Not me! —Vilda Sauvage Owens.
