KLM is made from the Purest Separated Milk

OUR inspectors regularly inspect the sanitary conditions of the farms which supply milk from which Klim is made. Our milk powder plants in the best dairy districts in Ontario separate this milk to remove the fat, pasteurize it and dry it by the "spray process" removing the ninety per cent of water and leaving the solids in the dry powder form of Klim.

Recently we established at our Head Office, in Toronto, the most up-to-date Milk Laboratory which exists in Canada today for bacteriological and chemical research work on milk, both liquid and powdered.

In this laboratory we analyse the milk from all the farms which deliver milk to all our plants and receiving stations. We are able, in this way, to keep absolute control on the quality of the milk from the receiving room to the milk powder packing department. No milk industry in Canada has such a perfect and completely equipped laboratory and research department. This insures to the user of Klim, whether in the home, the hotel or the lumber camp, the purity, cleanliness and wholesomeness of Klim.

We welcome anyone to our Bacteriological Laboratories at our Head Office, 10-12 St. Patrick St., where we can show our research equipment and methods of control of purity and quality of the milk we receive.

PEEPER IS SHOT IN SPRINGFIELD

Springfield, July 24—Clifford Madison, sixteen, of 84 Charter avenue, alleged by the police to be a "peeper" was shot in the right arm while peering into a house at State and Hancock streets. The police assert that William C. Coons admits doing the shooting.
He says he saw Madison looking into

the house. When he shot, Madison fell. He was taken to Mercy Hospital.
Sergt. M. J. Meade, who investigated the case, said that patrolmen on the Hancock street beat have shot at Madison on two occasions but the youth each time escaped being hit.
Two Cleared; Others Guilty.
London, July 23—(Reuters)—At the Surrey assizes Bugler Robert Todd and

Private R. A. McAllen, of the Canadian Forestry Corps, were found not guilty of manslaughter, in connection with the murder of Police Sergeant Green at Espson and discharged.
Privates F. H. Wilkie, 102nd Canadian Battalion; J. Connors, 18th Canadian Highlanders; A. McMaster, 8th Canadian Reserve, and D. Yerec and A. Masse, of the Canadian Forestry Corps were found guilty and sentenced to twelve months imprisonment without hard labor.

Our stores will be closed Saturday, July 19th, will be open Friday evening and all orders will be delivered.
Phone orders solicited.

INFLAMED GUMS—CAUSE OF LOOSE TEETH

Pyorrhea is undoubtedly a vital danger to both gums and teeth. Tender gums indicate it, and with it come loosening teeth. Imperceptibly, at first, the gums recede from the normal gum line. They inflame. They present many tiny openings for millions of bacteria to attack the unenameled tooth base. Tooth-base decay quickly follows. Even if the cavity be filled and the tooth saved, the gums continue to recede. Remember, too, that inflamed and bleeding gums act as so many doorways for disease germs to enter the system—infecting joints or tonsils—or causing other ailments.
Against this Pyorrhea (Kigg's Disease) ordinary tooth-pastes are powerless. Yet Pyorrhea attacks four out of five people who are over forty, and many under this age. But Forhan's—if used in time and used consistently—positively prevents Pyorrhea. It is a scientific tooth cleanser as well as a tooth restorer. See how promptly bleeding or gum tenderness ceases and how your teeth are kept white and clean.
If gum-shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment.
Forhan's is sold in 6c and 12c tubes. All Druggists.
FORHAN'S, LTD., 307 St. James St., Montreal.
