Meat May Be Injurious and Is Expensive!

Some people may eat bits of meat without injury to their health, but it's hard on their pockets. Others should avoid meat almost entirely, yet they eat it daily—these pay in both health and purse.

Either class will benefit by eating less meat and more Kellogg's Toasted Corn Flakes. It gives much more nourishment than its cost in meat, is infinitely more easy to digest—consequently better for you.

It's the original. 10 cents per package.

Clothes make the man—

But Corsets make the woman

So said a witty Parisienne Couturiere.

And it's true. That's why every well dressed Canadian woman should be careful to get a pair of C/C's à la Grace Corsets to properly set off each new gown.

Remember too, that comfort becomes second nature to the wearers of

à la Grace Corsets

Send for our new book of corset styles. Decide from it the corset you need. Then go to your favorite store and get it. Address—

CROMPTON CORSET CO. Limited  
78 York Street, TORONTO

12 Tumors Removed Without an Operation

Silver Lake Ont. Sept. 22, 1909.  
Dear Mrs. Currah—I am enjoying better health than I have for eight years, and I think I am entirely cured. I have none of the old symptoms. I am very grateful for my present health, and think Orange Lily is the greatest treatment for women the world knows. It was in my case caused 12 tumors or growths of some sort to be expelled. Some were as large as a hen's egg, and others smaller, down to the size of a walnut. You may use my case in your advertisement, for it is the solid truth, and you cannot describe all the good it has done for me. Mrs. Louise E. Bolleridge.  
This letter gives an indication of the positive benefits that always follow the use of Orange Lily. It is an applied treatment and comes in direct contact with the suffering organ. It produces results from the start in all cases of women's disorders, including painful periods, falling of womb, irregularities, leucorrhoea, etc.  
I will send a sample box containing 10 days' treatment absolutely free to any suffering woman who has not yet tried it. Give me your address. Enclose 1 stamp and address Mrs. FRANCES E. CURRAH, Windsor, Ont.  
For Sale by Leading Druggists Everywhere.

PRESERVE BABY'S SKIN

with CUTICURA SOAP

Assisted when necessary by Cuticura Ointment. They keep the skin and scalp clean and clear, sweet and healthy, besides soothing irritations which often prevent sleep and if neglected become chronic disfigurements.

Cuticura Soap and Ointment are the best treatment for the world. A liberal sample of each, with 25-cent booklet on the skin, sent free to any address. Address: Cuticura Soap & Ointment Co., Dept. 10, Boston, U. S. A.

WILL RESIDE IN ST. JOHN

On last Monday afternoon at the Baptist parsonage, Havlock, Leslie Herington, of Fredericton Road and Miss Melissa Price, daughter of Wilfred Price, of Elmwood, were married. Rev. W. H. Jenkins performed the ceremony. They will reside in St. John.

HAVE PRETTY HAIR

Soft, Fluffy, Abundant—Use Parisian Sage—It Stops Falling Hair and Itching Scalp

If your hair is not as soft and heavy as that of some friend, do not despair—do as she does—give it daily attention. Beautiful hair is largely a matter of care. If it is too thin, make it grow. If it is harsh and brittle, soften it up—lubricate it. If you have dandruff it is because the scalp is too dry and flakes off. Freshen up the scalp with Parisian Sage and all dandruff disappears. Parisian Sage, sold in fifty-cent bottles at drug and toilet counters, is just what you need. It quickly stops itching head, cleanses the hair of dust and excessive oil, takes away the dryness and brittleness, makes seem twice as abundant, and beautifies it until it is soft, fluffy and lustrous.

A MESSAGE TO THIN, WEAK, SCRAWNY FOLKS

This nervous, undeveloped man and woman everywhere are heard to say, "I can't understand why I do not get fat. I eat plenty of good, nourishing food." The reason is this: You are not getting fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste. What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. The thin person's body is like a dry sponge—eager and hungry for the fatty materials of which it is being deprived by the failure of the alimentary canal to take them from the food. The best way to overcome this sinful waste of fresh building elements and to stop the leakage of fats is to use Sargol, the recently discovered regenerative force that is recommended to highly by physicians here and abroad. Take a little Sargol tablet with every meal, and notice how quickly your cheeks fill out and rolls of firm healthy flesh are deposited over your body, covering each bony protuberance and projecting vein. Your druggist has Sargol, or can get it from his wholesaler, and will refund your money if you are not satisfied with the gain in weight it produces as stated on the guarantee in each package. It is inexpensive, easy to take and highly effective.

THE BAND OF MERCY UNION

(Continued)  
It will no doubt be interesting to many to know just what the object of the Band of Mercy Union is. It is an appeal to clergymen, teachers of schools, Sunday schools, and to all good citizens to use their influence in this direction by the formation of Bands of Mercy and Humane Education, which will give good moral training and particularly with the councils of public instruction, to have it put in the curriculum of the public schools, as it has become an established fact now that education without such increases crime and makes the really dangerous criminal and this work should appeal especially to the Daughters of the Empire, as what teaching the children in the schools of the state get is a matter that concerns not only the whole Dominion but the Empire, and to make them become good law-abiding citizens they must be taught to honor the king and those in authority over them, and that being good subjects of our earthly monarch will make better soldiers of the King of Kings. The Her Majesty, Queen Victoria, personally designing the medal for them. When a girl only sixteen years old, she became patroness of the S. P. C. A. and from that time up to the last years of her life in many ways showed her great sympathy for the lower creation. Canada has been too slow in taking up this work which for the lessening of crime and the protection of birds is worth millions to the country. We still have with us the same birds "those that have not been exterminated by Christian Empire, and that sang their songs of praise and gladness in the garden of Eden long before man came on the scene."

D.D.D. in Hospitals; Standard Skin Cure

How many hospital patients, suffering the frightful itch, the raw scorching pain of skin disease, have been soothed to sleep by a soothing fluid washed in by the nursing hands? D. D. D. That fluid is the famous D. D. D. prescription for eczema. THE SUPERVISING NURSE of one of our prominent Catholic institutions (name of nurse and institution on application) writes regarding a patient. "The disease had eaten her eyebrows away. Her nose and lips had become disfigured. Since the use of D. D. D. her eyebrows are growing, her nose and face have assumed their natural expression." How many eczema sufferers are paying their doctors for regular treatment and are being treated with this same soothing, healing fluid? DR. GEO. T. RICHARDSON frankly

FAIRVILLE SHOWS INTEREST IN TAX REFORM MATTER

J. R. Brown's Address on Land Tax Heard With Close Attention

The meeting held, in Temperance Hall, Fairville, under the auspices of the Lancaster Board of Trade, and addressed by J. R. Brown on single land tax, last evening, was well attended and close interest was manifested throughout. W. J. Linton, president of the board of trade, was in the chair and P. L. Potts of St. John, was also on the platform and spoke briefly.

Mr. Brown said he believed it home rule in every phase of life from the individual to the community and nation, and congratulated the tax payers on their efforts to become self-governing. He then explained the system of single tax as giving a man a dollar's worth of goods for his dollar. The town gives lighting, pavements, sidewalks, etc., but no more to the rich man than the poor, so why should a man who has made some progress pay in proportion to what he has made?

Social service increased or decreased all values in a community and the land is affected ought to pay, not what was on the land or who lived on it. If a tax-payer desired to live in a section where the greatest improvements were in town service and land values were high because of this he ought to pay for his privilege or get out of it at a fair price. The speaker scored a distinct hit when he alluded to the city lands in the parish, declaring that the corporation of St. John should be treated as an individual, the property divided into lots, and taxed proportionately. Then if the city did not wish to hold on, let it drop the land and there were many, said the speaker, most anxious to pick it up at a fair price.

On being informed that a square mile would be a fair enough estimate of Fairville's size for argument's sake in discussing the matter, Mr. Brown stated that there were enough lots in that area, if only taxed at an average rate of \$2, to bring in a revenue of \$16,000 per annum. This elicited hearty applause.

One questioner asked if lots were not already taxed in Lancaster and at a fair valuation, some said at \$400, paying 38. "Not by any means," replied the speaker. "A lot worth \$200 should bring in a rental of \$20 per annum, being 7 per cent on investment; so he should be receiving benefits from water, sewerage and other town improvements and the assessors are letting him off with \$20 no little." The only thing that made real estate valuable was town service and the owner of any individual property did no more to make that service than the next citizen; so he should pay his proportionate share, and the assessors to value it, enhanced his property.

The meeting at times became quite enthusiastic, and Mr. Brown's replies were very well received. There is a strong local feeling, and it is steadily spreading that there is something the matter when land syndicates, and the city corporation, bid property here until they get fabulous prices before selling to home seekers.

The board of trade advanced a step further in the estimation of the Lancaster residents by its prompt action in securing Mr. Brown for a lecture on such a timely subject.

Sunday schools, and to all good citizens to use their influence in this direction by the formation of Bands of Mercy and Humane Education, which will give good moral training and particularly with the councils of public instruction, to have it put in the curriculum of the public schools, as it has become an established fact now that education without such increases crime and makes the really dangerous criminal and this work should appeal especially to the Daughters of the Empire, as what teaching the children in the schools of the state get is a matter that concerns not only the whole Dominion but the Empire, and to make them become good law-abiding citizens they must be taught to honor the king and those in authority over them, and that being good subjects of our earthly monarch will make better soldiers of the King of Kings. The Her Majesty, Queen Victoria, personally designing the medal for them. When a girl only sixteen years old, she became patroness of the S. P. C. A. and from that time up to the last years of her life in many ways showed her great sympathy for the lower creation. Canada has been too slow in taking up this work which for the lessening of crime and the protection of birds is worth millions to the country. We still have with us the same birds "those that have not been exterminated by Christian Empire, and that sang their songs of praise and gladness in the garden of Eden long before man came on the scene."
