

## REPORT.

The Committee of the Nova Scotia Auxiliary Bible Society beg leave again to appear before their friends and patrons with their usual Annual Report.

They would again tender to the Giver of every good and perfect gift, their grateful and devout thanks for His preserving care during the past year. They appear before you with unbroken ranks, and feel it right first of all to refer to this, ere they make mention of their proceedings.

The work during the past year has been marked with the usual steady progress. Every effort has been made to stimulate the circulation of the Word of Life both in the Capital and throughout the Branch Societies, and the Agent, Mr. Russell, has been unwearied in his efforts to carry out the instructions of the Committee. The work of Bible circulation is well appreciated throughout the Province, and the friends of the Society esteem it an honor to be engaged in it. It is of course largely of a routine character, affording few instances worthy of special remark, but it is nevertheless effectual in the advancement of pure and undefiled religion, by placing in the hands of the people that book which can alone make them wise unto salvation. The work of your Committee in this
