

Middle West Will Vote for Freer Trade—Hypocrisy of the Annexation Cry

Alderman R. C. McDonald, of Winnipeg, who is a guest at the Empress it was significant that already lumber on Vancouver Island, where he has all sorts of dire results with the adop- joying better health. considerable financial interests, had a tion of reciprocity, and threatening to long talk Tuesday with a Times rep- have to close up their mills. resentative about the reciprocity Turning to civic matters in Winniagreement, and its effect on the indus-tries of British Columbia, as well as identified for some years, he said the

the broader question as it affects the commanding question at the present Dominion as a whole.

As one who has had a good opfeeling was overwhelming in favor of giving too much for a franchise, the

reciprocity, and he expected Sir Wil-frid Laurier to be returned by a majority of between forty and fifty at the coming election. There would be defections here and there, he said, 19,000 units to commerce, there would and the Bourassa influence in Quebec be immediate demand, so fast were the was likely to jeopardise some dozen industries of Winnipeg extending. Faseats, but taking the country through- cilities would be available at the Falls out many Conservatives had assured to reach 60,000 units. The high pres him they should vote Liberal on Sept. sure fire protection system would also 21, not because of a change in their shortly be extended to safeguard more general sentiment in matters political, adequately the centre of the city but because of the Liberal party rep- Winnipeg was moving very fast in inresenting in this election the recipro- dustrial and commercial lines, and nothing could stay its growth. city issue.

He did not expect to see many changes in Manitoba itself, although one or two of the present Conserva-

tive seats would be recovered on the reciprocity issue alone. In Winnipeg William Fisher opened fire on a wedhad become wealthy without any of returned the fire, killing Fisher in the devious ways of close corporations, stantly. a self-made man who had acquired The party then repaired to the home his money by honest energy and abil- of a parson, where the wedding knot
