WILLIE WESTINGHOUSE STOPS THE CHIMNEY FROM SMOKING, BUT—

Dear Tommy—Our chimney got so choked up with soot that the smoke came out of the open fireplace.

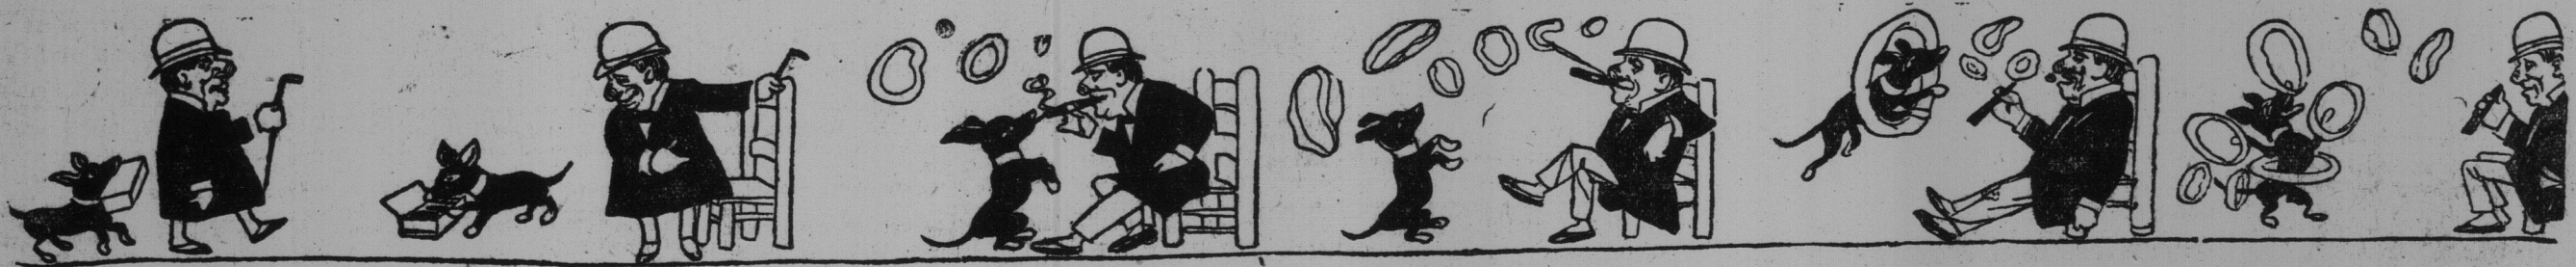

So I made a rotary brush and went with Jim to lower it down the chimney.

We could hear it buzzing as Jim lowered it, but near the bottom it got stuck.

It stopped the chimney from smoking; but say, Tommy, you should have seen that room! Yours, Willie.
