NEW YORK, Jan. 9.—Opening prices of stocks showed fractional recoveries from yesterday's depression, which ran to nearly a point in Reading, 5-8 in Union Pacific and 3-4 in Sugar. The forwarding tone of the London market had a sympathetic effect here. Readings reacted sharply from the opening price. Dealings were on a fairly large scale.

RAISULI A FUGITIVE; SULTAN'S SOLDIERS ARE IN HOT PURSUIT

YOUNG PARISIAN'S PLOT TO STRANGLE STUDENT

His Terrible Torture of Child Abuses Intense and Widespread Indignation

PARIS, Jan. 7. — Thousands of people in Paris have been greatly excited by the account in the newspapers of the cruelty of a student named Raisuli, who tortured a little girl 6 years of age. The unfortunate child is still in a hospital, and the doctors despair of saving her. The student was in the habit of burning the poor little girl all over the body with the lighted end of his cigarette. He afterwards bathed the wounds with vinegar. On one occasion he forced the child to sit down upon a red-hot stove.

So intense is the indignation that a number of young men have determined to try to seize the prisoner in the law courts as he leaves the investigating magistrate's room, and to strangle him on the spot.

PARIS, Jan. 7. — Reports received this evening from Nagesles in the Orizaba district, indicate that the government has completely mastered the situation. The strikers have ceased all acts of violence in the presence of the large body of troops rushed there from the capital, and nearby garrisons. The seriousness of the affair, however, was realized today when it was made known that thirty of the workmen were killed outright and over eighty wounded by the soldiers who were compelled to fire on the mob.

It was learned that the men after pillaging the stores at the Rio Tanco mills became emboldened by their success. A part of the men rushed to Nagesles, a short distance away, where another mill is located. Telephone, telegraph and electric light wires were cut and pawnshops and even private houses were pillaged. Then the jails were thrown open and the prisoners set free. Residents of the mill districts fled in terror to the city of Orizaba.

When the strikers reached Nagesles one mill official and a gendarme from Orizaba made an ineffectual attempt to check them. A striker named Morera, Bayor of the City of Orizaba, striking that official on the head and badly wounding him.

Hereta arose from where he had fallen and shot Morales, killing him. A body of troops arrived, and when the strikers attempted to resist, a volley was fired into the mob, killing thirty and wounding over eighty. After this the mob was scattered, the strikers gathering in groups. A body of troops followed on a railway track and held up a train for several hours, the engineers not daring to run through the crowd. Finally troops arrived and charged the mob with broadswords, scattering them. The jails and armories are filled with imprisoned strikers.

The government has learned that a committee of strikers has left Orizaba for Tlaxcala, Puebla, and other cities to incite laborers at those points to strike. It was also learned that one man, well known to the police, has left for the Isthmus of Tehuantepec on a like mission. All of these men are being pursued by the federal authorities.

JURY COULD NOT COME

TO ANY AGREEMENT RE EXISTENCE OF CONTRACT

FREDERICTON, N. B., Jan. 8.—The circuit court met this morning at 10 o'clock, when His Honor Judge Gregory delivered his charge to the jury in the case of the Miramichi Log Driving Co. against Lynch. His honor's charge occupied about three-quarters of an hour and was considered as favorable to defendant. The jury retired shortly before eleven, and at five minutes to ten returned to court and announced that it was impossible for them to come to any agreement as to whether any contract existed between the plaintiff and defendant, as to the payment of a bonus of \$20,000. His honor asked the jury to retire for a short time and see if five of the number could not reach a verdict. At 1:15 the jury returned and announced that they found a verdict in favor of defendant, but that no agreement was reached as to whether a contract existed or not. Mr. Powell on behalf of the plaintiff asked for a stay of process, which was granted.

HAMPTON GIRL HAD NARROW

ESCAPE FROM DROWNING

HAMPTON, Jan. 8.—On Saturday afternoon a little girl named Iva Perkins, daughter of Mr. and Mrs. William Perkins, while on the ice with a number of others, got too near the channel and broke through into the icy water of the creek. Willie Conway, a clerk in the C. P. R. office, St. John, was near, and seeing the accident, pulled off his coat, skated to the margin of the channel, and throwing it out toward the child, who seized it by one of the sleeves, drew her safely in and landed her on firm ice, whence she was quickly taken to her home without having suffered more than a cold shock from her involuntary plunge.
