### THEY RIDICULE IT.

Many People Ridicule the Idea of an Absolute Cure for Dyspepsia and Stomach Troubles.

Ridicule, However, is not Argument, and Facts Are Stubborn Things. Stomach troubles are so common and in most cases so obstinate to cure,

spepsia and indigestion. Many such pride themselves on their acuteness in never being humbugged, especially in This fear of being humbugged can be carried too far, so far, in fact, that many people suffer for years with weak digestion rather than risk a lit-

weak digestion rather than risk a lit-tle time and money in faithfully test-nig the claims made of a preparation so reliable and universally used as Stuart's Dyspepsia Tablets. Stuart's Dyspepsia Tablets.

Now Stuart's Dyspepsia Tablets are vastly different in one important respect from ordinary proprietary medicines for the reason that they are not a secret patent medicine, no secret is made of their ingredients, but analysis shows them to contain the natural digestive ferments, pure aseptic pepsin, the digestive acids, Golden Sealbismuth, hydrastis and nux. They are not catherite, neither do they act are not cathertic, neither do they act powerfully on any organ, but they cure indigestion on the common sense oughly before it has time to ferment

Cathartic pills never have and never can cure indigestion and stomach troubles because they act entirely on the bowels, whereas he whole trouble is really in the stomach.

Stuart's Dyspensia Tablets taken after meals digest the food. That is all there is to it. Food not digested or half digested is poison as it creates gas, addity, headaches, palpitation of the heart, loss of fiesh and appetite and many other troubles which are often called by some other name.

They are sold by druggists everywhere at 50 cents per package. Address F. A. Stuart Co., Marshall, Mich., for little book on stomach diseases, sent free.

In the matter of Joseph Legassy, who on 17th of March was sentenced by Judge Hanington to five years' imprisonment in Dorchester penitentiary for train wrecking, quite a complication has occurred. On Sheriff Stewart taking the prisoner to the pentitentiary the warden refused to receive him, as he is suffering from a louthsome disease of the skin. The sheriff has taken him back to Dal-housie, and he is now in the county jail. Yesterday morning A. A. Stock ton, Q. The order was granted, and the chief justice directed that the attorney general be notified of the application.
