

THE PLAUDITS OF VAST THROGGS GREETED ENGLAND'S PRINCESS ON HER HAPPY WEDDING DAY

The Marriage of Princess Mary to Viscount Lascelles Yesterday Was a Great National Event Which Will Live Long in the Memories of Those Who Witnessed the Ceremonies and Incidents Thereto—England's Dream Realized.

The bride awayed perceptibly and seemed quite nervous as the ceremony which scarcely exceeded ten minutes, began. In the subdued light of the altar candles, which mingled with the sun's rays, filtering through the Abbey's multi-colored windows, her face was pale, as Dean Ryle moved forward to the entrance of the sacrament and began the marriage service. Viscount Lascelles having taken his place on the bride's right. For the first time on such an occasion, the Princess was designated by the officiating clergy as the bride.

The opening admonitions to the assemblage followed, the Dean gave place to the Archbishop of Canterbury, who charged the bride and bridegroom with the responsibilities of the married state and took their vows. The bridegroom answered "I will," audibly at some distance. The bride's rejoinder was evidenced by a slight inclination of her head—her words were not heard. Each then repeated, after the Archbishop, the acceptance of the other; the ring was passed to Viscount Lascelles by the groomsmen, and he placed it on the Princess' finger. The principal kneel in prayer and the Archbishop pronounced the couple wedded.

The bride and groom then moved back to the Lord's table, two bridesmaids carrying the bride's train, while the other remained at the altar steps, forming rows on either side. To the melodious strains of the organ, the Archbishop of York completed the solemnization with a few words. At the conclusion of the service the assemblage stood while God Save the King was sung by the choir; the officiating clergy, the principals and two bridesmaids passed through the King's door in the high altar screen to the chapel of Edward the Confessor, where Royal registers, and the Abbey register was inscribed, officially recording the marriage. In their absence the choir sang an anthem.

The bride whose cheeks had colored deeply during the service, moved down the nave to her husband's arm, smiling beaming on the couple from the flanking rows of guests as they passed through the door; to be greeted by renewed cheering from the waiting multitudes. From the Abbey tower's pealed forth the beginning of a three hours' chiming of the wedding bells as the royal processions formed and moved away.

A halt of the bridal coach was made at the Cenotaph, where Viscount Lascelles saluted the principal and her bridal bouquet to a soldier to lay on the memorial to those fallen.

DO YOU SMOKE TOO MUCH?

There are many men on whose health and nervous system tobacco produces the most serious results. It causes palpitation, pain in the heart, irregularity of its beat, makes the hands tremble, sets the nerves on edge, causes shortness of breath, and loss of sleep. To counteract this demoralizing influence on the heart and nerves there is no remedy so equal as

MILBURN'S HEART AND NERVE PILLS

They make the heart beat strong and steady, restore tone and vigor to the nerves, and remove all the evil results caused by the tobacco. Mr. Frank Letos, 71 Terrace, Hill St., Brantford, Ont., writes: "I had been troubled with palpitation of the heart for a number of years, and the doctor told me it would stop on no medicine if I did not quit tobacco. When I would get a spell my heart would pound, and I would break out in a perspiration, and get so weak I would have to sit right down and quit my work, also in the night I would wake up and my heart would be going, I should say, about 120 beats a minute. About three years ago I got a box of Milburn's Heart and Nerve Pills, took them, and found that they did the job. I am feeling fine and have gained over 30 pounds in weight."

TAYLOR MURDER MYSTERY NEAR TO SOLUTION

Six Drug Peddlers Arrested Following Story Told by Their Landlady.

Los Angeles, Feb. 28.—The mystery of the murder of William Desmond Taylor, film director, is solved, if the story told by Mrs. John Rupp in connection with the arrest here today of six drug peddlers is correct, declared Detective Sergeant Horace Cline, tonight, one of the police squad assigned to the case. Cline, head of the police force, made this statement, Mrs. Rupp who told the police she had "kept house" for the man, had been "kept" questioned by two detectives of the district attorney's office.

The six men in custody were caught in a raid at Mrs. Rupp's home, Taylor gave their names and ages as William East, 24; Walter Kirby, 23; John Herker, 25; Ray Lynch, 26; George Calvert, 26 and Harry Amorthin, 27. The police were holding them incommunicado since according to the police Mrs. Rupp directly charged two of the men with the murder of Taylor. The officers quoted her as declaring Kirby and Calvert had made her house for a time early that night and returning "stayed up all night."

The search for persons to whom credits are due on the books of the department of militia and defence undertaken by the Dominion Command of the Great War Veterans' Association, again produced successful results during the week ending Feb. 25. Indigestion or Sour Gassy Stomach

"Pape's Diapepsin" gives Relief in Five Minutes

Pape's Diapepsin relieves stomach distress in five minutes. You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs. Pape's Diapepsin is noted for its speed in giving relief, its harmlessness, its certain untiring action in regulating sick, sour, gassy stomachs. Keep this perfect stomach doctor in your home—keep it handy—get a large sixty-cent case from any drug store, and then if you should out something which doesn't agree with you, if what you eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea, eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes to play with the stomach all indigestion vanishes. It is the most efficient acid known—the certainty and ease with which it overcomes stomach and digestive disorders is a revelation to those who try it.

SIR GEORGE FOSTER READY FOR SESSION

Returns from Trip to British West Indies Much Improved in Health.

Ottawa, Feb. 28.—Sir George and Lady Foster have arrived after a three months' visit to the West Indies and Bermuda, both much rested after the holiday and Sir George is ready for the work of the session when he takes his place in the Red Chamber.

"I found the British West India islands interesting, somewhat the same as all other countries from the sudden drop in prices of their products and the difficulties of exchange," Sir George Foster stated this morning. "Sugar, cocoa and coconuts are all on the market today selling for not much more than, if as much as, the cost of production in some cases. That the financial problem is a difficult one for the islands, and they are endeavoring to cope with it with the co-operation of the government of the islands and the banks."

Condition Will Improve "After a little this state of things will gradually be bettered and they will come to more normal conditions. In the meantime, the burden they are carrying is a heavy economic one. However, I did not find in any case that they had lost courage or optimism, and they are facing the situation in a reasonable way, looking to the near future for readjustment."

Sir George and Lady Foster visited Demerara, Trinidad, the Barbadoes, several smaller islands and Bermuda.

Montreal scored and was disallowed by the referee in the game with Sussex. "I can show," said Mr. Doyle "what I was justified in saying that before Staples had the consent of both team managers to play full teams in the overtime period, though the two penalized Absegweit players had time to serve. Sussex made no protest until after the game."

PROVINCIAL AMATEUR CHAMPIONSHIP

St. John Amateur Rowing Club Clever Programme in the A Captured Two Classes and

THE NEW CH

Alfonzo Hogan of the St. John Amateur Rowing Club approved his way through to the Provincial Amateur Boxing Championship titles of the 135 pound, and 145 pound classes. In addition he was awarded the handsome silver cup donated by Allen Gundry, the King street jeweler, for the boxer displaying the greatest amount of science in the Provincial Amateur Boxing Championships held under the auspices of the St. John Amateur Rowing Club in the Armory last evening.

Spots were featured in six different classes, and some five hundred spectators were treated to a fine exhibition of the manly art in nearly every event.

The events were run off in a most efficient and commendable manner for which much credit is due the officials.

The exhibition served to acquaint the fans with the appearance of the country have opened to them the finest field of amateur sport. A sport that calls for manliness and courage quick thinking and endurance and the "Play the Game" spirit.

The best of good feeling and gamesmanship was shown in every event last night, each man playing fair and accepting defeat or victory with a becoming grace. All attempts at booby or partisan feeling emanating from the crowd were promptly squelched by the officials at the outset and those who were inclined to vent their enthusiasm were instructed to save it till the end of each bout.

An account of the different bouts follows.

108 Pounds Class
Frank Britz, Y. M. C. I., and Harold Sewell, St. Georges' Athletic Club, were the only entries for the lightest class of the evening. There was a significant difference in the appearance of the two, Britz being a lad of fifteen and Sewell some several years his senior, having a much stouter frame.

Throughout the first round Sewell had the best of it, boxing the youth of the crowd was promptly squelched by the officials at the outset and those who were inclined to vent their enthusiasm were instructed to save it till the end of each bout.

In the second round Sewell maintained the same aggressive style to the middle of the round, when in rushing Britz he came in contact with the latter's head, receiving a considerable shock. Britz then revived and the two went at it hammer and tongs, Britz steadily getting the best of the argument. Sewell began to weaken visibly and the referee ordered three bout stopped, giving Britz the decision and title.

115 Pounds Class
Eric Snow, Rotheray Collegiate, and Albert Davidson, Garrison Club, faced off in the first bout of this class. In the first round Snow gave an exhibition of foot-work that was a revelation to the fans. He literally hit every corner of the entire round. Davidson was unable to penetrate his guard, and invited an attack but met with no response. The boys clinched a few times, Davidson hitting in the break-away, was warned by the referee.

Footwork but no attack was Snow's card in the second round, Davidson still pressing for an opening he could not find.

In the third round both boys landed a few blows, but Snow continued as shifty as ever. Davidson clinched and again failed to break ocean, landing a blow to the chin and the bout was awarded Snow who had also resumed the attack a short while before the clinch.

Final
Art Buckley, who had drawn a bye, faced Snow in the final. Snow again made use of his clever foot-work and although Buckley pressed closely and succeeded in landing a few blows none of them were effective.

In the second round Buckley pressed Snow and sent him to the ropes in a shower of blows. Snow came back strong and for the first time took the offensive, and maintained it to the end, landing several telling punches.
