follow loss of appetite, or headache, or nervousness and sleeplessness, or stupor. These are the advance heralds of consumption, malaria, nervous exhaustion and prostration, and a multitude of other ills.

There is an easy way to avoid, and a sure way to escape from, ill-health. Dr. Pierce's Golden Medical Discovery gives edge to the appetite, invigorates the liver, makes the digestion perfect and the blood pure. It is the great appetite-sharpener, blood-maker, flesh-builder and nerve-tonic. It cures 98 per cent. of all cases of consumption. It does not make flabby flesh like cod-liver oil, but firm, healthy tissue, without corpulency. Hongest dealers don't urge substitutes for a little extra profit.

"I cannot praise Dr. Pierce's Golden Medical Discovery too highty," writes Mrs. Mary A. Seay, of Andersonville, Buckingham Co., Va. "My friends gave me up as dying of consumption. I tried everything, but grew worse, until I became so weak I gave up all my housework. I tried four bottles of the 'Golden Medical Discovery' and 'Pleasant Pellets'—to my friends with a full belief in their efficiency."

" To Err Is Human."

People like to talk about attractive things in advertising. In a company recently the proverb above quoted, and which appeared at the head of one of a well constructed series of advertisements of Hood's Sarsaparilla, was so much discussed that we doubt if any one there will ever forget the source whence it came. Mesers. Hood & Do, are using these proverbs advertisements on a very broad scale, and they are attracting discussion and favorable comment everywhere.
