

Motion :—"That the matter of the Tariff Commission as referred to in the preceding resolution, be referred to the Council, with instructions that they endeavor to make full arrangements for sittings of the Commission in Winnipeg, and lay before the Commission a memorial on the tariff as approved by a meeting of this Board ; and also for the hearing of individual members ; and that, in case the Commission does not sit in this city, then, that a memorial be prepared and submitted to the full Board for consideration."

The Council immediately thereafter communicated with the Hon. Mr. Fielding, who has informed them that the Commission will sit in Winnipeg at a date yet to be named. The Council has taken no further action, leaving that duty to their successors.
