All exhibitors at the Fair are m'nded that today is positive day upon which entries can b the secretary. There promises better exhibit this year than has case in any year heretofore, will certainly be the district exh management has allotted exactly number of square feet to each d so that each portion shall not encumbered and so that no o shall have any advantage ove the rule has been made that shall be exhib ted, vegetables tirely barred out. Thus the fruit by the various districts one of the chief attractions of cultural exhib t.

This by no ceans prevents the vegetables by individual exh the contrary this is encouraged as possible as are also the exh b parts of the provinces which are competit on as well as displays three of the prairie provinces.

The next feature of the fair is eral exhibit. This has been ploccupy more space than it dd occupy more space than it dd when the display was too crow gether for a really effective exh mineral exhibit really dates f year when its fine showing at good deal of local comment and tens vely advertised in mining pearally throughout the country, to the fair and by local corresponding papers. For near to Nelson 's not only of the Slocan but even nearer important districts of Ymir stretching along southwestward Kootenay river as it breaks from er end of the lake. Thus the id the fair management is to sho portance of Nelson by hav'n from the nearby districts, the to which these districts ship thei to establish the centrality of the exhibits from the whole of the
