If you have not yet learned how safe you are with this preparation at hand get it today and know for yourself.

THE LATE ANGUS MCKELLAR

(Contributed)

By the death of Angus McKellar, which took place at his residence, Nesbitt, Manitoba, on Wednesday, Dec. 6, at the ripe age of 77 years, 1 month and 6 days, Nesbitt loses one of its oldest and most respected citizens. The deceased was born in Metcalfe township and was a son of the late Donald McKellar, who at one time was Kilmarin.

Forty-nine years ago he was united in marriage to Miss Janet Munroe, a daughter of the late Malcolm Munroe, of this place. For a number of years Mr. and Mrs. McKellar were residents of Oakdale, Dawn township. In 1894 they moved to Manitoba, accompanied by their six children. For the first two years he farmed in the Margaret district, and then moved to Nesbitt, where he farmed most successfully until his retirement about eight years ago, when he built a fine residence in the village of Nesbitt.

During his long life he had been an inspiration not only to his family but to his neighbors, setting an example of what strict integrity and hard work will accomplish after a few years, and passed away well endowed with worldly goods and respect.

What a loss to the community! He was one of the oldest members of the Nesbitt Presbyterian church and up to the time of his death was a member of the board of management.

He leaves to mourn his loss his wife and six children, as follows:—Mrs. J. W. Clark, Nesbitt; Mrs. R. A. Johnston, Holland, Man.; Annie, California; Kate, at home; Malcolm, Nesbitt, and Dugald, who resides on the old home farm. There are also eight grandchildren and two great grandchildren. He is also survived by four brothers and two sisters:—Duncan, of North Glencoe; Neil, on the old home farm, Kilmarin; Lachlan, of Hagerwille, Man.; John, of Greenwood, B.C.; Mrs. McCullum, of Minto, and Mrs. Mitchell, of Francis, Sask.

A funeral service was conducted by Rev. Mr. Whiting, who in the course of his sermon paid high tribute to the life lived by Mr. McKellar, and which was most fittingly rendered by the choir. The floral offerings were immense and beautiful.

When a mother detects from the writhings and fretting of a child that worms are troubling it, she can procure a reliable remedy in Miller's Worm Powders which will expel all worms from the system. They may cause vomiting but this need cause no anxiety, because it is but a manifestation of their thorough work. No worms can long exist where these powders are used.

The Retired Farmer

Retired farmers sometimes are criticized for quitting the farm and appearing to be very conservative as well as "retiring" in disposition, after settling in a nearby town or village. It is sometimes charged they are not interested in public enterprises and, therefore, that they are more or less of a detriment to the town. This is usually a very unjust opinion and should not be entertained without good grounds.

There is a community in South Dakota, says C. L. Wendt, where this kind of criticism became so common that a local debating society composed of fifteen business and professional men decided to debate the question, "Resolved that the retired farmer is a detriment to the community." After a spirited discussion, the judges were unanimous in favor of the negative.

One of the speakers very aptly compared the retired farmer to the governor which every engine needs to prevent it from tearing itself to pieces with excessive speed. Through years of experience he has become slow but he is also sure. Impulsive young business men take every occasion to condemn conservatism, forgetting the old adage, "Old men for counsel, young men for war." They wish to take matters into their own hands, starting public enterprises, which often result in failure, as numerous abandoned manufacturing plants in many of our smaller cities bear witness.

The slower moving, more carefully thought out, progressive movements are the real progressive movements, after all. Even patriotism that is founded on enthusiasm cannot be relied upon.

CANADIAN GOVERNMENT ANNUITIES

A Canadian government annuity is a fixed yearly income payable by the Government of Canada for life in quarterly instalment, unless otherwise provided. It is a safe and lucrative form of investment for persons of all ages and circumstances, whether for immediate income purposes or as provision for old age.

Among the advantages to be obtained from the purchase of a Government Annuity are:—

That it is the safest investment that can be made, as it has behind it the security of the whole of the Dominion of Canada.

That it is free from taxation for Dominion purposes.

That it is payable for life.

That it is not transferable or subject to seizure or levied upon by or under the process of any law or court.

That it is not affected by the fluctuation of business, or trade depression.

That the purchaser does not have to die to win, but enjoys a personal participation in the fruits of his labor.

That the annuitant gets the full benefit of all that his money earns, as the expenses of management are borne by the Government.

The postmaster at Glencoe will be pleased to give any information relating to Dominion Government Annuities.

By sending parcels through the mails to any post office in Canada, ask to have them insured against loss or damage. It costs only a few cents. The limit of weight for a parcel is 11 pounds.
