No. 10

OPEN

After years of careful study and search for the best in the sewing machine world, we now have a machine made exclusively for us that is worthy to bear the name "EATON"—the name that insures quality right, all round satisfaction and fullest sewing machine value.

THE ILLUSTRATION is an exact reproduction of the appearance of our "EATON" Sewing Machine, with Automatic Lift, Drop Head, Five Drawers, Ball Bearings. Threaded ready for use when you receive it.

THIS NEW MODEL is a high grade machine. Every piece and part, every feature that enters into its construction, has been proved to be competent to do its work. Improvements have been added in many cases, and we offer you a strong, substantial, light running, noiseless machine set on a new design of woodwork, handsomely finished, at a low selling price.

GUARANTEED FOR 10 YEARS

DESCRIPTION. The "EATON" No. 10 Automatic Drop Head Sewing Machine is fitted with the most convenient and up-to-date lifting device yet used in sewing machine construction.

THE WOODWORK is of selected quarter-sawed oak, finished in the standard golden oak color on a beautiful ribbon pattern stand with ball bearing driving wheel.

THE PRINCIPAL WORKING PARTS of this machine are of the finest hardened steel, thoroughly finished and accurately adjusted.

HIGH ARM. This machine has an exceptionally High Arm, and the bed-plate is free from all obstructions.

THE BELT is self adjusting, a feature not found on ordinary machines.

ATTACHMENTS are the best supplied with any machine, put up in a velvet lined metal box.

WITH OUR AUTOMATIC DEVICE All you do is to lift up and turn back the extension leaf, the head goes up into place ready for sewing at once; and it's just one easy motion. On the old style hand lift you go through five movements. In our automatic lift the one movement, the act of lifting up the leaf and turning it back, brings the head automatically into final position.

An illustrated instruction book showing how to use all attachments, accompanies each machine.
