MORRIS LAMONT/THE TIMES

SPECIAL EDITION

From the initial sparks of a burned-out wheel bearing to the patrolling of a deserted city, this special edition of The Mississauga Times traces this week's spectacular events.

On these 16 pages folded around the regular newspaper, you'll find reports and pictures that tell the story: — how the CP train derailed, taking a city of 250,000 to the brink of disaster; — the cool, precise evacuation; — those who defied the evacuation; — the refugees, where they went and how they got along; — the

hundreds of volunteers who helped; — the hundreds of emergency crew members who pulled it off; and — the aftermath: law suits against CP Rail, an immediate public inquiry and the unanswered question: How can we be sure it will never happen again?

Inside this special section, you'll find the regular newspaper, including all the community, business and sports news and listings you've come to expect in The Times.
