

070713

Ottawa, Ont. November 13th. 1922

Dear Doctor King:

I received a communication from the City of Portage la Prairie relative to damages sustained by the city by reason of the diversion of the Assiniboine River by your Department in the fall of 1908.

I write to urge the strength of the city's claim as it appears to me and will be glad if you will advise me upon what grounds the city's contention has <sup>not</sup> been met and its request refused.

Yours very truly,

Honourable Doctor J. H. King.  
Minister of Public Works,  
Ottawa, Ont.
