Office of the
Indian Commissioner,
North West Territories.
Regina, 30th November, 1886.

Circular.

Sir,

copies of a circular, relative to the gathering
of the musk. pods of the musk-rats.

It is thought, if the particulars therein
were disseminated among the Indians under
your charge, they might take advantage of
the offer, and thus reap a material benefit
to themselves, from the gathering and sale
of the pods.

I have the honor to be,

Sir,

Your obedient Servant,

Wm McGillivray
