

# INDEX.

A	PAGE.
"A" truss bridge.....	8
Accidents on elevated railroads....	650
Accidents, responsibility for.....	883
Accidents upon flow-line bridge....	921
Accounting, study of methods.....	513
Accuracy, importance of teaching,	
131, 103, 937	
Accuracy in calculations advisable,	
extent of .....447, 824,	857
Accuracy, need of, in engineers....	125
Acid steel, compared with basic....	702
Acquaintance with engineers...515,	818
Adjustable members in bridges.....	352
369, 376	
Adjustment of cables, for flow-line	
bridges .....923	
Adjustment of cables for Halsted	
Street Lift-Bridge.....	541
Adjustment of towers for Halsted	
Street Lift-Bridge.....532, 562,	578
580, 582, 584	
Advertisements, value of reading,	
522, 834	
Advice, methods of giving.....	505
Advice of older engineers, value of.	818
Advice to engineering students....	505
Advice, use made of.....	506
Advice, value of.....506, 815	
Æsthetics, instructions in.....	178
Æsthetics of elevated railroads....	618
620, 621, 622, 625, 627, 638,	640
665, 668, 674, 690, 692, 705,	706
Æsthetics of engineering, 522, 760,	761
762, 763, 764, 765, 831	
Æsthetics of structural designs....	662
Age, for consulting engineer.....	791
Age for students.....104, 130	
Alternate plans used in tendering..	595
Ambition of engineers.....794,	824
Anchor bolts, adherence of concrete	
to .....774	
Anchor bolts, for elevated railroads	774
Anchor bolts, length of.....	755
Anchor bolts, proportions of.....	754
Anchorage for elevated railroad	
columns .....603, 638, 641, 648,	671
693, 730, 738, 747,	750
Anchorage for flow-line bridge,	
construction of.....	919
Anchorage for flow-line bridge, lo-	
cation of.....	917

	PAGE.
Anchorage, proportion to fix col-	
umns .....754	
Angle, error in recording.....	53
Angles, connection of both legs....	631
684, 690	
Applied sciences, relations to civil	
engineering .....964	
Apprenticeship system, English....	510
Approximations, methods of...125,	177
Architecture in engineering courses,	
124, 162	
Arts course, value of.....	120
Asphaltum in paints.....	713
Assistant professor, qualifications for	10
Athletics, value to students.....	115
Automatic gates for streets.....	576

## B

Balancing chains for Halsted Street	
Lift-Bridge .....547	
Balancing of lift-bridge span.....	533
Ballast, burned alluvium.....	24
Ballast, depth of.....	60
Ballasting .....48,	60
Ballast tanks, for Halsted Street	
Lift-Bridge .....536,	568
Ballast tanks, purpose of, in Halsted	
Street Lift-Bridge .....536	
Bascule bridges, sliding type.....	503
Basic open hearth steel compared	
with acid open hearth steel.....	596
Basic steel, qualities of.....702,	716
Batter braces, working stresses in..	285
286, 287,	340
Bearing power of Chicago soil, test	
of.....603, 704, 713, 714, 715,	750
Bench marks, making of.....	35
Bench marks, the placing of.....	41
Bending, local in lattice girders....	735
Bending tests.....	891
Betterments, necessary on account	
of cheap construction.....	24
Bidders on highway bridges, local.	235
Biographical notes, value of.....	1
Biology, relations to engineering.961,	966
Birthplace of J. A. L. Waddell....	1
Bolts with pressed threads.....	684
Bonds, contractor's.....	886
Bookkeeping .....104	
Books, engineering.....	80
