Thetford phase	25
Distribution	25
Lithological characters	26
Peridotite	27
Serpentine	28
Pyroxenite	30
Gabbro	31
Diabase	32
Porphyrite	33
Granite	33
Aplite	35
Broughton phase	35
Distribution	35
Lithological characters	35
Serpentine	35
Soapstone	36
Greenstone schists	36
Structural relations	36
Internal	36
Foliation	37
Faulting	37
Jointing	38
Breccia	39
Amygdaloid	42
External	42
Relative to older formations	42
Mode of origin	42
Age and correlation	50
Data	50
Conclusions	51
Geological structure of the region	52
Geological history	53
Economic geology	54
Asbestos	54
General character and distribution	55
Production	57
History	58
Relations of the deposits to the country rock	58
Deposits of the Thetford type	59
Evidence	61
Summary of evidence	61
Theoretical	62
Review of previous opinions	65
Conclusions	67
Deposits of the Broughton type	67
Evidence	68
Summary of evidence	69
Theoretical	70
Mining and milling	70
Mining	71
Handling and dressing	71
Uses	72
