

the United States and \$25,233 from Great Britain. The value of the imports under this item during the calendar year 1909 was \$96,747. There is also an annual importation of "baths, bath tubs, basins, closets, lavatories, urinals, sinks, and laundry tubs of any material," \$157,881 worth during the fiscal year 1909; much of which would possibly come under the class of clay products known as sanitary ware.

The principal sources of the imports given in the above table for the fiscal year ending March, 1909, are shown in the next table. It will be observed that of the total, the largest proportion, \$1,397,845 in value or over 51 per cent, was from Great Britain. The value of the imports from the United States was \$887,400, or 32 per cent of the total; Germany supplied \$187,381 worth, or about 7 per cent; France, Austria-Hungary, and Japan were also important sources of clay products, particularly of the manufactures of table ware, chinaware, etc.
