

# DeLAVAL CREAM SEPARATORS

A Common Sensible Investment

Albana, Ont., Feb. 14th

The DeLaval Separator Co., Toronto, Ont.

Dear Sirs: The Baby No. 1 DeLaval Cream Separator which I purchased from your Agent, Mr. Wm. Dixon, a year last October, has given great satisfaction in every way, and having kept an accurate account of the butter made from my six cows, both with and without a Separator, can give the results. In 1901 we made 746 lbs. of butter without a Separator, and in 1902, from the same cows, 1,201 lbs. were made.

Yours truly, E. L. HOLT

THE DeLAVAL SEPARATOR CO.

WINNIPEG 77 York St., TORONTO MONTREAL

Farmers who use the PLYMOUTH BRANDS have long realized its superior quality. To-day it stands the reigning favorite among critical judges.

The same good quality is found in every ball of its different kinds. It works on an old binder just as well as on a new one.

Its merits form a topic of conversation wherever farmers meet.

Ask your neighbor about it and use it yourself next season

## Alone in the Field!

### PLYMOUTH BINDER TWINE

Stands alone in its field. No other Twine can compare with it—it is beyond competition

Made for the Man Who Wants the Best.

## The Great Western Endless Apron

Manure Spreader.

**SPREADS** all kinds of manure regardless of its condition, handles heavy manure that has been tramped so hard that it is necessary to loosen with pick, fresh manure, containing wet or dry straw, even shells, etc. Old straw and bottles, whether rolled or not. Cast manure from the granary, sheep manure, lime, salt, molasses, etc. In fact all kinds of manure and fertilizers and does it quickly, better and more evenly than by hand, in fact, as you can see, in one day as 10 men can by hand. Saves the largest load in 8 in. & 6 inches. Makes the same amount of manure go three times as far and produce better results.

**NO-BUNCHED RAKE** which forms a superhard ball and hard chunks of manure in contact with the machine has one **ENDLESS APRON** (Not a 1/2 apron) and therefore is always ready to load, never work. The **NO-BUNCHED RAKE** is one continuous apron (Not a 1/2 apron) and therefore is always ready to load, never work. The **NO-BUNCHED RAKE** is one continuous apron (Not a 1/2 apron) and therefore is always ready to load, never work. The **NO-BUNCHED RAKE** is one continuous apron (Not a 1/2 apron) and therefore is always ready to load, never work.

**HOOD AND END GATE** keeps manure kept from binder while loading, prevents churning of binder when starting and acts as a hood and wind shield in reversing. Shows the manure in the right direction, therefore spreads more evenly. It has a graduating lever and can be regulated to spread thick or thin. It is 10 loads per acre while in motion. It catches the poor spots with a double cone. **LIGHT AIRT**. Because the load is evenly balanced on front and rear wheels, not. The front that readily drives machine into and out of your etc. holds it there. **STRENGTH AND DURABILITY**. It is made of strong iron when loading. Machine turns in its own length.

**GUARANTEED** to be kept on. We use no plan or cheap construction to come home, get out of order, break and cause trouble. Should any part break, wear out, or get out of order, we replace free of charge. **LARGE CATALOGUE** shows you other perfectly simple and desirable **NEW** and why you should have one. Also how to apply manure to secure best results. Mailed free.

## The Farming World

Devoted to Country Life in Canada  
J. W. WHEATON, B.A., - - Editor  
D. T. MCANISH, Manager

The Farming World is a paper for farmers and stockmen, devoted to country life in Canada, published on the 1st and 15th of each month, with illustrations.

Subscription Price—One year, strictly in advance, sixty cents; two years, strictly in advance, one dollar.

Postage is prepaid by the publishers for all subscriptions in Canada, the United States and Great Britain. For other countries in the Postal Union add fifty cents for postage.

Discontinuance—All subscriptions are promptly discontinued when time paid for expires, unless renewed.

The address label of each subscriber's paper shows the date to which paid.

Change of Address—When a change of address is ordered, both the old and the new addresses must be given. The notice should be sent one week before the change is to take effect.

Receipts are sent only upon request. The change of date on address label is sufficient acknowledgment of payment. When this change is not made promptly notify us.

How to Write—Remittance should be sent by postal note or express order, payable to THE FARMING WORLD. Cash should be sent in registered letters. Postage stamps accepted for amounts less than \$1.00.

Advertising Rates on application.

Letters should be addressed:

THE FARMING WORLD,  
90 W. WELLINGTON STREET WEST, - - TORONTO  
Eastern Agency of "Nor-West Farmer."

Always mention The Farming World when answering advertisements. It will usually be an advantage to do so.
