

Give children the benefit of modern ideas in underwear

Don't put old-style uncomfortable bothersome underwear on them. Watson's Children's Union Suits are made expressly for little folks' comfort and convenience.

They are snug fitting, neat and comfortable. Made according to the Klosed Krotch idea that the grown-ups esteem so highly.

The fabric? Spring Needle Rib—uniform, elastic, smoothly finished, good for wear. Fit the youngsters out with

WATSON'S Klosed-Krotch COMBINATIONS

We also make Waists, Vests, Drawers, Bloomers and a full line of Infants' Goods in all fabrics.

Ask your dealer.

Sydney Basic Slag

If you have any old pastures or poor meadows we want you to give them a dressing of SYDNEY BASIC SLAG this Fall. In districts where our product has not hitherto been sold

We Will Supply One Ton FREE OF CHARGE

to a limited number of farmers for trial purposes. The cheapest advertising we can get is satisfied users. We would not make this offer unless we were certain the introduction of BASIC SLAG into your district would lead to a big consumption.

The Cross Fertilizer Co. Limited
SYDNEY, NOVA SCOTIA

When writing advertisers, will you kindly mention "The Farmer's Advocate."

"Why, No! There's never any soot from our furnace."

"I like that feature of our Hecla Furnace—even better than the saving in coal."

Warm air from a Hecla Furnace is clean and pure. No fine coal-dust floats about, no sticky soot spots the hangings, walls and wood-work. The Hecla has patented Fused Joints that can never leak dust or gas. We guarantee it.

Think how healthful this pure air heating must be. It is even more healthful because the Hecla adds plenty of moisture to the air.

HECLA WARM AIR Furnace

Saves One Ton in Seven.

This saving is due to the Hecla steel-ribbed fire-pot, which has three times the ordinary heating surface. No other furnace can provide as much heat from the coal burned.

To Heat Your Home

is something our experts should plan for you. You may use their services without charge. Write for advice and complete plans if you desire them. Mail the coupon to-day for our booklet on heating, "Comfort and Health."

See This Oliver Plow

PLOWING is hard work any way you look at it. Hard on the plowman, hard on the horses, hard on the plow. To make it easier without lowering the quality of the work or increasing the price of the outfit is the aim of the men who build Oliver plows for Eastern Canada.

To this end, the Oliver walking gang plow is designed. Two good horses and one man can plow two furrows at a time with this plow. By means of two levers with fine-notched quadrants, the depth and width of cut can be instantly adjusted to suit varying conditions in the field. The height of both furrow and land wheel can be changed, one at a time or both together, giving the driver absolute control of the depth and width of this cut at all times, without stopping the team. Another arrangement enables him to shift the furrow wheel sideways to straighten a furrow. Large or small bottoms may be used, and the distance between the beams changed to accommodate the change in bottoms.

See this plow first when you are ready to buy. It may save you lots of looking. If your work demands some other design, the IHC local agent who shows you the walking gang can show you an Oliver plow, either walking or riding, which will meet your needs and do for you the kind of work you want. But, whatever plow you are using, see the Oliver walking gang or write the nearest branch house for full information.
