## If You Want Greater Comfort, Efficiency, and Economy, Install a Fairbanks-Morse "F" Power and Light Plant

**I**N a short time you will find that this plant is the biggest thing on your farm. Big in value, in comparison with the purchase price—big in the amount of drudgery it saves you—big in its labor-saving for your wife—big in its convenience—big in its comfort—big in its economy.

It is a separate unit plant, driven by the famous "Z" Engine, which more than 250,000 farmers are using. It permits of the greatest possible saving in power, because you can utilize the full power of the engine to drive other machinery by simply unbelted the generator and driving direct from the engine, thereby saving the 50% power loss caused by driving machinery with motors.

And you can, if you wish, drive another machine while you are charging your batteries.

It is so simple that any boy can run it. There are no costly,

delicate parts to get cut of order, and it requires little attention and seldom needs adjustment or repairs.

It is strong, sturdy and the most efficient Power and Light Plant made. It has ample power to drive a churn, separator, pump, washing machine, etc., direct from the engine or from a line shaft, and it will furnish a flood of clean, brilliant light in your house and other buildings, whenever you push the button. It also furnishes current for vacuum cleaner, electric iron, toaster, coffee percolator, etc., and there are no smelly lamps to fill and clean, and no danger of fire.

Thousands of farmers and rural residents will soon be equipped with a "F" Power and Light Plant, because it saves labor, time, worry and enough money to pay for itself. Clip the coupon on the right corner and send it to our nearest branch for full information. It places you under no obligation.

### Agent Wanted
