Two Minute Talks About
PANDORA RANGE
for Coal or Wood

OF course the Pandora Range is a few dollars more than an ordinary range. But it will soon pay for itself in the fuel it will save for you.

The Pandora Flue System and Wide Fire Box, designed by our brainy stove experts, save about half a ton of coal per year, because they supply more air than the flue systems and fire boxes of ordinary ranges, causing better combustion of fuel.

The Steel Oven saves some more fuel, because it heats up more rapidly than a cast iron oven. The heavy Fire Clay Coating on the main bottom of range prevents any heat wasting towards the floor. It drives the heat back into the oven, and thus saves still more fuel.

But the big economizing feature is this: The draft for cooking on top of the range is also the draft for baking in the oven. The heat does double duty and your fuel bill is largely reduced.

Get the Pandora---the range that pays for itself. No other range is high-class enough for you.

BOYS FOR FARM HELP

The managers of Dr. Barnardo's Homes invite applications from farmers, or others, for the boys who are arriving periodically from England to be placed in this country. The young immigrants are mostly between 11 and 13 years of age, all will have passed through a period of training in Dr. Barnardo's English Institutions, and will have been carefully selected with a view to their moral and physical suitability for Canadian life. Full particulars as to the terms and conditions upon which the boys are placed may be obtained upon application to Mr. Alfred B. Owen, Agent Dr. Barnardo's Homes, 60-62 Peter St., Toronto.
