

PUBLISHED EVERY WEEK. \$1.50 PER YEAR.

Vol. XLVI.

LONDON, ONTARIO, NOVEMBER 9, 1911.

No. 998

THE Pandora Range is for those who desire to make a permanent investment. The high quality of the materials and the superior method of construction assure long life.

The *Body* of the Pandora is very heavy. The *Rods* and *Bolts* are on the outside, where they cannot burn or rust out. The *Expansion Rings* of the cooking section provide ample allowance for extreme expansion and contraction and eliminate the possibility of the metal cracking.

The *Cooking Top* is *Burnished*, which toughens the surface of the metal and increases its strength. *McClary Oil Cement* is used between the joints. Unlike cheap, ordinary cement, it will not dry out and need replacing. The *Nickelling* will not tarnish, and is many times more durable than the single coat of nickel on ordinary ranges.

The *Semi-Steel Fire Box Linings* are twenty per cent. heavier than cast or gray iron linings. Sulphur fumes, so destructive to cast iron, cannot penetrate the hard, smooth-as-glass surface of Semi-Steel. The *Grates* have *Three Faces*, which allows the wear to be distributed on three sides, insuring triple durability.

If you want a range of *guaranteed quality*, get the Pandora. It's built to give you lasting service.

THE Pandora is the range of many conveniences. It has a *special Flue Construction* which enables you to cook over every pot-hole and bake in the oven at the same time. It has a *Steel Oven* which reaches baking heat faster than a cast iron oven. It has an absolutely *Level Oven Bottom*, which prevents pies from running over. It has a tested, reliable

Thermometer with easy-to-read figures.

The Pandora also has an *Interchangeable Cooking Top*. You can set a boiler lengthwise or crosswise on the stove. You can remove the *Fire Box Linings* instantly with your hands. You can change the *Grates* from coal to wood in a few seconds. You can sharpen your knives on the *Emery Section* of the *Patented Towel Bar*.

Still other conveniences are the *Larger Ash Pan*—the easily-cleaned *Enamelled Steel Reservoir*—the smooth-as-glass *Burnished Surface*, which only requires polishing once a week—the *Perfect Spring High Closet Door*, which provides room for fourteen or more dinner or dessert plates in the *Polished Steel Warming Closet*.

Several other conveniences described in our Pandora Booklet. Send for a copy.
