Wait—

until the "Number" Answers or the Operator Reports

Very often a subscriber will call a number, and if an almost instantaneous connection is not established, will hang up and try again later. He feels that minutes have elapsed, while, in reality, it has been but a matter of a few seconds.

This hanging up of your telephone receiver means that your time and the time and labor of the operator have been wasted. If the called party comes on the line, the operator has to explain.

Remaining at your telephone until you get a report or the called party answers means the saving of the time and effort of three parties.
