**THIS Picture shows** Culbertson Bros. seeding with their **BIG FOUR "30"** at Bowman, N.D. They write: "During the season of 1910 we operated a 30-horse double-cylinder undermounted steam engine, but at the end of the season we found the expenses to be so great that we were compelled to lay it aside and we replaced it with a **BIG FOUR "30,"** which we have never had occasion to regret. We can break just as many acres per day with **THE BIG FOUR "30"** as we could with our steam outfit, at one-fifth the expense. The engine will do everything the company stated it would do, and more too."
