NOTICE TO BE BRIEF Legislature Program To Be Confined Largely to War Measures

Measures

Ottawa, Feb. 18—Wednesday March 20, is now regarded as a likely date for the opening of the first session of the new Parliament. The House meets on Wednesday, when there is a Speaker to be elected, as this is always necessary when a new Parliament assembles for the first time, As the session cannot be summoned until the soldiers vote is all counted and added to the home vote, considerably less than the customary thirty days notice will be given. The Legislative programme it is believed, will be confined largely to necessary when there is a believed, will be confined largely to necessary when and economic situation, as it is not desirable in view of the holding of the Imperial War Cabinet sessions in June that the deputations of Canada's representatives overseas should be delayed.
